STRATEGIC BUDGET SUMMARY

Savings, Income Generation, Growth and Revenue Implications of Capital

Savings and Income

Over the Autumn of 2017, Portfolio holders were challenged to review their budgets with respective senior officers and developed both savings proposals for the forthcoming financial year (2018/19) and the MTFS period (2019/20 to 2022/23). Details of the savings proposed were approved by Cabinet in January 2018 and are summarised in the service budget pages later in this report. Since the January Cabinet, there have been six adjustments to the budget giving a net increase of £110k for 2018/19, over the MTFS the net change per annum is £2k.

The Council generates a considerable proportion of its own funding from the various services it provides. These range from income from One Leisure and Car Parking through to charging for the use of the Document Centre, Licensing and Planning Services. Service specific income is shown later in this report within the service budget pages. Additional Income from services of £170k was approved by Cabinet in December 2017 and consolidated into the Draft Budget that was reported to Cabinet in January 2018.

In addition the Council also generates income from corporate activity; this mainly focuses on:

Treasury Management; which has been considerably less than in recent years because of the current extremely low interest rate environment.

Commercial Estates; whereby the Council is proactively developing its commercial estate activity to develop for the Council a medium to long term revenue stream.

The service savings and additional income proposals were approved by Cabinet in January 2018 and are summarised in the service budget pages later in this report. The only changes in the proposals are in Operations; with a restructure proposal for 2018/19 removed (although it remains for 2019/20) a marginal increase in income, the net change in savings and income is a reduction of £83k. The total Savings and Additional Income Proposals for 2018/19 are £1.8m and **Table 2** below shows how this is allocated by service.

Service	Service Savings and Additional Income Proposals			
	Draft Budget Savings *	Savings Adjustments Since Draft Budget		Final Savings and Additional Income

Total	1,880	1	(108)	1,773

* Reported to Cabinet January 2018.

Growth

Growth has appeared within the budget for one of four reasons:

- Inflation on employee costs and business rate changes
- Employees increment related growth
- Non-employee budgets non-controllable growth
- Controllable growth

The growth proposals were approved by Cabinet in January 2018 and are summarised in the service budget pages later in this report. The only changes in the proposals are in Customer Services, where there has been a reduction in the governments HB Admin grant allocation and Corporate Resources where there has been a slight increase in Internal Drainage Board (IDB) estimates as a consequence of IDB's now starting to submit their 2018/19 levy demands; the net change in growth is an increase of £3k. The total Service Growth Proposals for 2018/19 are £2.2m and **Table 2** below shows how this is allocated by service.

Service	Service Growth Proposals			
	Draft Budget Growth *	Growth Adjustments Since Draft Budget		Final Growth

Total	2,192	10	(7)	2,195

* Reported to Cabinet January 2018.

Commercial Investment Strategy

A key part of the Council's overall Budget strategy is the Commercial Investment Strategy (CIS), as approved by the Council in 2015. There has been no change to the income budgets that were included in last year's budget. Although the Commercial Investment market remains challenging, it is envisaged that the Council can still meet these income targets. However, it is expected that there will be a change in investment emphasis over the next year in that acquisitions are more likely to be within boundary along with the development of housing related propositions. The current profile of CIS related income is around the £5.3m per annum and is shown in **Table A** below.

CIS Investment Type	Gross Income: Commercial Investment Strategy									
	2014/15	2015/16	2016/17	2017/18	Budget	Medium Term Financial Strategy				
	£000	£000	£000	£000	2018/19	2019/20	2020/21	2021/22	2022/23

Capital – Revenue Implications

The revenue budget contains any implications from the proposed capital programme for 2018/19 and the MTFs, whether that will be savings as a result of investment, additional running costs or the cost of borrowing (Minimum Revenue Provision).

Summary Impact of all budget changes – comparing Final Budget 2017/18 to Final Budget 2018/19

Overall, the revenue changes to the budget in respect of Savings & Additional Income, Service Growth and Capital have resulted in a net increase in the Council's budget of £47k (<1%) when compared to the 2017/18 Original Budget and an reduction of £931k (5%) when compared to the September 2017/18 Forecast Outturn. A service by service summary is shown in **Table 3** below.

Service	Summary of Total Budget Movements (Original Budget for 2017/18 to Base Budget 2018/19)

Corporate and Government Funding

Government Grant

The government provides a proportion of the core funding of the Council. Some of this funding is in relation to specific services e.g. Housing Benefit, but some of the funding is in support of general activity; with regard to:

- New Homes Bonus (NHB), on the 19 December the Government made an announcement in respect of New Homes Bonus and that the 2018/19 settlement would be £2.7m (this is £1.0m less than last year) but is broadly in line with what was expected. The main reason for the reduction is a general reduction in grant, as was detailed in the 4-year settlement that the Council was successful in achieving in December 2016 and also to a change in the NHB assessment criteria.
- On the 19 December the Government announced the Revenue Support Grant (RSG) 2018/19 provisional settlement for the Council of £604k, this was in line with what was expected. However, it should be noted that as of 2019/20 RSG for the Council will be nil and from 2020/21 onwards the Council will, like most of local government, be in a negative RSG position. The government have not as yet decided how to deal with this situation and this will be addressed as part of the Fair Funding Review that is currently being undertaken. The negative RSG position effectively looks like the Council will have

to pay the government, but this is not expected to be the eventual outcome; current speculation is that the Tariff process within the NDR regime will be adjusted. However, for ease of presentation, the Council has presented the negative RSG directly within the Grant funding elements of the Funding Statement.

Council Tax and Business Rates

There is an assumption within the 2018/19 Budget and over the term of the MTFS that the Council Tax will increase by 2% per annum. Therefore, the Council Tax for 2018/19 will be £138.56 per Band D equivalent property. Members should note that when the Local Government Financial Settlement was announced, this included an increase in the Council Tax threshold (also known as the Referendum Limit) from “the higher of 2% or £5” to “the higher of 3% or £5” for a Band D property. This increase in the threshold was to reflect changes in CPI.

A Council Tax increase of 2% is below what current local indicators show in respect of wage and pensions increases.

The Council receives 40% of the Business rates collected and, after allowing for the tariff payment, it estimates this to be £5.8m in 2018/19. An increase of 2% is allowed year on year over the MTFS period to reflect the annual inflation increases to the business rates multiplier. Members should consider the commentary noted at paragraph 8.5.8.

Collection Fund Surplus/Deficit

The Collection Fund is the statutory account for the Council Tax and Business Rates income and the payments to preceptors of their respective shares. Any surplus or deficit on the Collection Fund at year end is distributed to the preceptors, as per legislation. The Council is required to make an estimate of the projected surplus or deficit of each component of the Collection Fund at year end in order for the preceptors to bring their share of the surplus or deficit into the budget setting process.

The estimated year end position of the Collection Fund is shown in **Table 4** below along with the share that is apportioned to the Council.

Table 4	Collection Fund Estimated Surplus 2017/18	
	(Surplus)/Deficit £000	HDC Share £000
Council Tax	382	33
Business Rates	(2,497)	(999)
Total	(2,115)	(966)

Summary Budget

Considering the 2% increase in Council Tax for 2018/19 and over the MTFS period, this results in the funding statement shown in **Table 5** and **Table 6** below.

* Controllable Budgets – Support Service Costs (e.g. HR and Financial Services) are not allocated out to the service budgets in the tables above and in the Head of Service tables that follow. The support service budgets are shown in full under the Head of Service responsible for that support service. Therefore, the Controllable Budgets do not represent the total cost of a service.

Service Budgets by Head of Service

CAPITAL

The detailed Draft Capital Programme for the period 2018/19 to 2022/23 is shown in **Table 18** below, along with the sources of finance. The revenue implications of the individual capital proposals are built into the individual revenue budgets and the impact of the proposed programme on the Minimum Revenue Position (MRP) is £2.2m. In addition there is an MRP increase in 2019/20 of £0.3m as a result of the funding of the general 2018/19 Capital Programme. The MRP for the CIS programme is £1.9m.

Internal Borrowing – this is from internal cash resources (working capital) from within the balance sheet (cash, debtors and creditor).

TREASURY MANAGEMENT

The following gives a high level commentary on the Treasury Management activity that the Council is expecting to undertake during 2018/19.

- **Short Term Borrowing**

During any year the Council will undertake short term borrowing and lending to maintain effective daily cash flow balances. For the forthcoming year, it is estimated that the net cost of short-term borrowing will be £10k; this is based on an estimated daily cash flow balance of £14.0m and a cost of borrowing based on an estimated interest rate of 0.30%.

- **Long Term Borrowing**

The Treasury Management Strategy permits the Council to borrow for the long-term to maintain effective working capital balances and to support back-to-back lending to external organisations. At the end of 2017/18, it is forecast that the total balances in respect of long-term borrowing will be £15.7m. The estimated net cost of long term borrowing in 2018/19 is £565k.

During 2018/19 further long-term borrowing will occur to finance the Commercial Investment Strategy. Borrowing of £30m is estimated, with an estimated cost of £1.9k in 2018/19 this is based on repayments for an annuity type loan and as a result will vary each year.

TREASURY MANAGEMENT POLICY STATEMENT

1. Definition

1.1 The Council defines its treasury management activities as:

- the management of the Council's investments, cash flows, banking, money market and capital market transactions.
- the effective control of the risks associated with the Medium Term Financial Strategy (MTFS), Commercial Investment Strategy (CIS) and the pursuit of optimum performance consistent with those risks.

2. Risk management

2.1 The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. The analysis and reporting of treasury management activities will focus on their risk implications for the MTFS and CIS.

3. Value for money

3.1 The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives. This includes the use of investment vehicles to make a return in order to finance the MTFS. To a larger extent this also includes the CIS which aims over the life of the MTFS to make a significant contribution to the funding of the Council's service objectives.

4. Borrowing policy

4.1 The Council needs to balance a number of elements in its borrowing policy for funding capital expenditure and the CIS:

- Utilising a mixture of borrowing periods to reduce the overall impact of changes in interest rates.
- Using different types of loans, including maturity and repayment loans. The CIS in particular will be using maturity loans.
- Minimising the long term cost of any borrowing.
- Ensuring that short term costs are as low as possible.
- Using the Council's own reserves on a temporary basis

4.2 The Council will set an affordable borrowing limit each year in compliance with the Local Government Act 2003, and will have regard to the CIPFA Prudential Code for Capital Finance in Local Authorities when setting that limit. It will also set limits on its exposure to changes in interest rates and limits on the maturity structure of its borrowing in the treasury management strategy report each year.

5. Investment policy

5.1 All investment decisions, both general decisions and CIS, need to follow a risk assessment which takes account of the need to protect the principal sums invested from loss, ensuring adequate liquidity so that funds are available to fund expenditure when needed, and the generation of investment income to support the provision of local services.

6. Loans to Organisations

6.1 The Council may make loans to:

- local organisations, if this will allow the organisation to provide services that will further the Council's corporate objectives, and where the business case makes this appropriate the earning of a margin on the amounts loaned, or
- organisations where no service benefits are involved, but with the objective of earning a margin on the amounts loaned, and
- In either case loans will only be made where all risks have been considered, appropriate safeguards are in place, and that have a yield commensurate with the risk involved.

7. Commercial Investment Strategy

7.1 The CIS approved by Cabinet in December 2015, proposes further investment in commercial assets up to £30m. The aim of this investment is to generate future income streams, in order to mitigate the potential for increased cuts in government funding. The CIS investments will generally be focused on targeting a return on equity (ROE) of between 6% and 9%. A minimum revenue provision policy specific to the CIS has been added to the MRP policy.

8. Governance

8.1 The Council will have regard to the Communities and Local Government Guidance on Local Government Investments and will approve an investment strategy each year as part of the treasury management strategy. The strategy will set criteria to determine suitable organisations with which cash may be invested, limits on the maximum duration of such investments and limits on the amount of cash that may be invested with any one organisation. The Treasury and Capital Management Group (TCMG) will monitor and review decisions relating to both the capital programme and the CIS.

TREASURY MANAGEMENT STRATEGY 2018/19

1.0 STRATEGIC TREASURY MANAGEMENT

The Council hold funds which through both the need to manage its cash flows and also through the investments made via Commercial Investment Strategy (CIS) which are placed with various financial institutions and organisations. In order that the implications of these investments can be both assessed and understood, the outlook in the economic, credit and interest rate environments must be monitored. This ensures that the correct investment decisions are made in order to yield the Council the best return within acceptable risk parameters.

1.1 Economic Outlook

The major external influence on the Authority's treasury management strategy for 2018/19 will be the UK's progress in negotiating its exit from the European Union and agreeing future trading arrangements. The domestic economy has remained relatively robust since the outcome of the 2016 referendum, but there are indications that uncertainty over the future is now weighing on growth. Transitional arrangements may prevent a cliff-edge, but will also extend the period of uncertainty for several years. Economic growth is therefore forecast to remain sluggish throughout 2018/19.

Consumer price inflation reached 3.0% in December 2017 (reduced from 3.1% in November 2017) as the post-referendum devaluation of sterling continued to feed through to imports. Unemployment continued to fall and the Bank of England's Monetary Policy Committee judged that the extent of spare capacity in the economy seemed limited and the pace at which the economy can grow without generating inflationary pressure had fallen over recent years. With its inflation-control mandate in mind, the Bank of England's Monetary Policy Committee raised official interest rates to 0.5% in November 2017.

In contrast, the US economy is performing well and the Federal Reserve is raising interest rates in regular steps to remove some of the emergency monetary stimulus it has provided for the past decade. The European Central Bank is yet to raise rates, but has started to taper its quantitative easing programme, signalling some confidence in the Eurozone economy.

How Does This Impact on the Council's Medium Term Financial Strategy

In the past few years inflation rates have been low, and this has benefited the Council's MTFs by lowering expectation for budgetary savings or growth, arising from increases in prices rather than increased demand. Inflation has now increased and this pressure will feed into budgetary pressure for budget growth with the consequent requirement to find further savings or income opportunities.

Growth forecasts are becoming more pessimistic. A slowdown in growth could potentially have an impact on the Council's ability to raise revenue from services where consumers or businesses may cut back. For example, leisure, parking (consumer activity), development control (house building), or commercial estates.

1.2 Credit Outlook

High profile bank failures in Italy and Portugal have reinforced concerns over the health of the European banking sector. Sluggish economies and fines for pre-crisis behaviour continue to weigh on bank profits, and any future economic slowdown will exacerbate concerns in this regard.

Bail-in legislation, which ensures that large investors including local authorities will rescue failing banks instead of taxpayers in the future, has now been fully implemented in the European Union, Switzerland and USA, while Australia and Canada are progressing with their own plans. In addition, the largest UK banks will ring-fence their retail banking functions into separate legal entities during 2018. There remains some uncertainty over how these changes will impact upon the credit strength of the residual legal entities.

The credit risk associated with making unsecured bank deposits has therefore increased relative to the risk of other investment options available to the Authority; returns from cash deposits however remain very low.

How Does This Impact on the Council's Medium Term Financial Strategy

Whilst the credit outlook remains uncertain over the initial years of the MTFS, the Council is adopting a policy of investing in highly liquid assets such as Money Market Funds, and overnight call accounts. This is combined with the CIS which will be investing in assets, through the routes of property purchase and property funds which are backed by property assets.

The regulatory changes in the EU have been aimed at ensuring the strength of financial institutions is improved in the event of an economic recession.

1.3 Interest Rate Outlook

The Authority's treasury adviser Arlingclose's central case is for UK Bank Rate to remain at 0.50% during 2018/19, following the rise from the historic low of 0.25%. The Monetary Policy Committee re-emphasised that any prospective increases in Bank Rate would be expected to be at a gradual pace and to a limited extent.

Future expectations for higher short term interest rates are subdued and on-going decisions remain data dependant and negotiations on exiting the EU cast a shadow over monetary policy decisions. The risks to Arlingclose's forecast are broadly balanced on both sides. The Arlingclose central case is for gilt yields to remain broadly stable across the medium term. Upward movement will be limited, although the UK government's seemingly deteriorating fiscal stance is an upside risk.

How Does This Impact on the Medium Term Financial Strategy

When the bank rate was increased, there was a slight upward movement in interest rates, as a result there is a small increase in the expected interest income received.

The result of low interest rates is that investment opportunities yielding an adequate rate of return in the general market are limited, hence the decision to look elsewhere for investment opportunities, by adopting the CIS.

One effect on the MTFS of an increase in the UK bank rate is an increase in the cost of borrowing, however PWLB lending is based on gilt yields and as these are forecast to remain stable across the medium term, it is reasonable to assume the Council will be able to continue to borrow at low rates.

This will directly impact on the revenue budgets through the net interest budget, the forecast for which reflect the rates shown in **Table 1**.

Table 1	2017/18	2018/19	2019/20	2020/21	2021/22
MTFS Interest Rate Assumptions	%	%	%	%	%
Temporary investments	0.50	0.50	0.50	0.50	0.50
PWLB 20 year borrowing (EOY)	3.00	3.00	3.50	4.00	4.50
Temporary borrowing	0.30	0.32	0.34	0.36	0.38

Against the background of low interest rates and reducing revenue and capital balances the Council has sought to maximise the returns from its investments whilst minimising the risks of investing with a borrower that is, or may become, unable to repay. It therefore adopted a strategy for 2016/17 that concentrated on highly rated institutions, and the larger Building Societies, Money Market Funds and Local Authority investments. Investments in liquidity or call accounts, which offer repayment the same day were maximised to further reduce risk.

The 2018/19 Strategy allows for borrowing in anticipation of need to fund capital expenditure.

2.0 BORROWING AND INVESTMENT FORECAST 31st MARCH 2018

The Council manages investments through-out the year. A proportion of the investments and borrowing will be short-term to manage cash-flow on a day to day basis, in order to make payments for example precepts or suppliers. The remainder of the investments and borrowing will be long-term, to finance capital expenditure and to seek yield to support the MTFS.

2.1 Breakdown of Forecast

In order to manage the achievement of the MTFS and CIS objectives and to maintain the necessary cash-flows, the Council will need to seek short-term and long-term borrowing. **Table 2** below is an estimate of the forecast investments and borrowing as at 31st March 2018, broken down between CIS balances and general programme activities.

Table 2	CIS	General Programme	Total
Investing and Borrowing at 31/03/18	£m	£m	£m
Investments Short-Term	0	2.0	2.0
Investments Long-Term	4.0 ^A	0.0	4.0
Total Investments	4.0	2.0	6.0
Borrowing- Short-Term	0.0	1.0	1.0
Borrowing- Long-Term	30.0	15.7	45.7
Total Borrowing	30.0	16.7	46.7

Notes ^ACCLA Property Fund and share based investments

The above table excludes loans to other organisations which are not used to manage cash flows

2.2 Interest Forecast 2017/18

The 2017/18 year-end forecast for net interest is now £0.282m, which will be a saving of £0.110m against the budget of £0.384m.

3.0 BORROWING AND INVESTMENT FORECAST OVER 2018/19 TO 2022/23

3.1 Medium Term Financial Strategy Capital Programme and CIS

Over the period of the MTFS the Council is budgeted to be spending significant sums on both its general capital programme (to enhance current assets and acquire new assets) and the capital investment programme enshrined within the CIS. **Table 3** below shows net amounts included within the MTFS in respect of the general capital programme and the CIS.

Table 3 Forecast Programmes	2016/17 Actual £m	2017/18 Forecast £m	2018/19 Budget £m	2019/20 Budget £m	2020/21 Budget £m	2021/22 Budget £m
Capital	7.8	10.3	3.7	2.7	2.1	2.1
CIS	9.2	30.0	0.0	0.0	0.0	0.0
Total	17.0	40.3	3.7	2.7	2.1	2.1

Note The CIS purchases are not forecast beyond 2017/18, this is a period of consolidation and development of risk shared development options.

3.2 Borrowing Strategy

For the general capital and CIS programmes shown in **Table 3**, the Council does not hold sufficient funds to finance this from its own internal resources. As a result it must borrow to meet this requirement.

This borrowing strategy sets out the long-term borrowing parameters in which the Council can borrow in order to facilitate the financing of the general capital programme and the CIS over the MTFS period. **Table 4** below shows the total borrowing requirements for both the general capital programme and the CIS; by 2022/23 the Council is expecting to have borrowing in excess of £47m (“Must Borrow”). If however, the Council chose not to use reserves to finance capital, borrowings would increase to £54m by 2022/23 (“May Borrow”).

Annex C provides further detail in respect of the borrowing and investments relating to both the general programme and the CIS.

Table 4 Borrowing Strategy Whole Programme	2018/ 2019 £m	2019/ 2020 £m	2020/ 2021 £m	2021/ 2022 £m	2022/ 2023 £m

Need For Further Borrowing- Loans To Organisations	(15.0)	(15.0)	(15.0)	(15.0)	(15.0)

Notes

1. Forecast general reserves is the average reserves for the year
2. Earmarked reserves include the special reserve, repairs and renewals reserves, and capital investments. These are forecast to diminish over the life of the MTFS, as the balances in these reserves are used to fund expenditure. It is assumed that there are no additional earmarked reserves.
3. There would be a cash flow benefit; however due to its natural volatility, it is excluded from this analysis.

It is likely to be more cost effective in the short-term to either use internal resources, or to borrow short-term loans instead. By doing so, the Authority is able to reduce net borrowing costs (despite foregone investment income) and reduce overall treasury risk. The benefits of internal or short-term borrowing will be monitored regularly against the potential for incurring additional costs by deferring borrowing into future years when long-term borrowing rates are forecast to rise modestly. The council may borrow additional sums at long-term fixed rates in 2018/19 with a view to keeping future interest costs low, even if this causes additional cost in the short-term.

Alternatively, the Council may arrange forward starting loans during 2018/19, where the interest rate is fixed in advance, but the cash is received in later years. This would enable certainty of cost to be achieved without suffering a cost of carry in the intervening period.

In addition, the Council will borrow short-term to cover unplanned cash flow shortages. The approved sources of long-term and short-term borrowing are:

- Public Works Loan Board (PWLB) and any successor body
- any institution approved for investments (see below)
- any other bank or building society authorised to operate in the UK
- UK public and private sector pension funds
- capital market bond investors
- UK Municipal Bonds Agency plc and other special purpose companies created to enable local authority bond issues

Also capital finance may be raised by the following methods that are not borrowing, but may be classed as other debt liabilities:

- operating and finance leases
- hire purchase
- Private Finance Initiative
- sale and leaseback

The Authority has previously raised all of its long-term borrowing from the PWLB but it continues to investigate other sources of finance, such as local authority loans and bank loans that may be available at more favourable rates.

3.3 **Investment Strategy**

The guidance on Local Authority Investments categorises investments as 'specified' and 'non-specified'.

Specified investments are expected to offer relatively high security and/or liquidity. They must be:

- in sterling (avoiding exchange rate fluctuations) and,
- due to be repaid within 12 months (minimising capital value fluctuations on gilts and CDs and minimising the period within which a counterparty might get into difficulty) and not defined as capital expenditure in the capital finance regulations 2003 (e.g. equities and corporate bonds though there is current consultation on removing bonds from the capital constraint)) and,

- with a body that the Council considers is of high credit quality of A-, or with the UK Government or a local authority, (minimising the counterparty risk), this includes Money Market Funds where the Council has set minimum criteria.

No investment that counts as Capital expenditure will be undertaken, without Cabinet approval or for the CIS, the Treasury and Capital Management Group, as it effectively transfers revenue funds into capital when the investment is repaid which has significant impacts on the Council's financial flexibility.

Non-specified investments include longer deposits and other types of investment e.g. corporate bonds and equities.

The Council may use the following non-specified investments (Table 5 gives the limits):

- Time Deposits of longer than 12 months with banks and building societies
- UK government bonds, supranational bank bonds
- loans to other local authorities and other organisations (further definition of the latter is shown below) over 12 months to maturity
- Corporate Bonds over 12 months to maturity, if returns are clearly better than time deposits, but such investments will only be made following a risk assessment and consultation on the proposed limits, procedures and credit ratings with the Treasury and Capital Management Group (TCMG). Use would be limited to Bonds that could be held to maturity thus avoiding fluctuations in capital value.
- Property funds, share based investments and Property.

Table 5 Non-Specified Investments	£m
Total Long-Term Investments	15
Total Investments without Credit Ratings or rated below A-	15
Total investments (except pooled funds) with institutions domiciled in foreign countries rated below AA+	15
Total non-specified investments	15

3.4 Operational Banking Requirements

The Council will incur operational exposures, for example through current accounts, collection accounts and merchant acquiring services, to any UK bank. These are not classed as investments, but are still subject to the risk of a bank bail-in, and balances will therefore be kept below £1m per bank. The Bank of England has stated that in the event of failure, banks with assets greater than £25 billion are more likely to be bailed-in than made insolvent, increasing the chance of the Council maintaining operational continuity.

4.0 OTHER TREASURY ACTIVITIES

Whilst the Council will be making borrowing and investing decisions in relation to its general capital and CIS programmes, there is also a requirement to make other decisions that do not relate directly to these programmes but are required to meet corporate objectives.

4.1 **Loans to Support the Achievement of Service Objectives**

Opportunities will arise from time to time for the Council to further its objectives by making loans to local organisations or businesses. Such loans are considered to be investments as defined in this strategy. All such loans would be subject to a due diligence process, and the identification of relevant risks pertaining to the loan. Such investments can be administratively cumbersome to set-up and consequently will only be undertaken following a detailed business case has been approved by Cabinet. These loans would not be subject to the 5 year investment limit.

4.2 **Loans with Security**

The Localism Act potentially enables the Council to benefit from its low cost of borrowing to earn a margin by providing a loan to other bodies where no service benefits are involved. Due consideration will be given to the impact of state aid regulations, and where security of the investment can be made through a legal charge on an adequate value of asset(s) to protect the Council from the possibility of default. Such investments can be administratively cumbersome to set-up and consequently will only be undertaken following a detailed business case has been approved by Cabinet. These loans would not be subject to the 5 year investment limit.

4.3 **Policy on using Financial Derivatives**

Local authorities have previously made use of financial derivatives embedded in loans and investments both to reduce interest rate risk, and to reduce costs or increase income at the expense of greater risk (e.g. lenders option/borrowers option (LOBO) loans). The Localism Bill 2011 includes a general power competence that removes the uncertain legal position over local authorities' use of standalone financial derivatives. Any decision to make use of financial derivatives will be subject to further reports to cabinet. Considering the Councils commitment to developing a CIS portfolio, it is unlikely that Financial Derivatives will be used.

4.4 **Treasury Advisors**

Arlingclose are the Councils appointed advisors. The Advisor carries out the following role:

- advice on investment decisions,
- notification of credit ratings and changes,
- advice and guidance on relevant policies, strategies and reports,
- training courses.

4.5 **Management and Governance**

The Responsible Financial Officer and their staff will manage and monitor investments and borrowing. The Treasury and Capital Management Group (TCMG) consists of the Leader, Deputy Leader, the Executive Member for Strategic Resources and relevant officers. This group oversees and monitors treasury, CIS and capital activities.

4.6 **Reporting and Scrutiny**

The Treasury Management Strategy is reported to Council each year in February so that the strategy can take into account the latest MTFs and the critical factors affecting the treasury function including, the economy, interest rates and the credit outlook. In November a 6 month report on the performance of the fund is reported to Cabinet and in June a report on the annual performance of the funds is reported.

4.7 **Changes to the Strategy**

The strategy is not intended to be constricting, but a definition of the upper limit of the level of risk that it is prudent for the Council to take in maximising the return on its net investments. Any changes that are:

- broadly consistent with this Strategy, and/or
- reduce or only minimally increase the level of risk, and/or
- supported by the Council's Treasury Management Advisors,

are delegated to the Responsible Financial Officer, after consultation with the TCMG. All other changes to the strategy must be approved by the full Council.

5.0 **TREASURY MANAGEMENT, PRUDENTIAL AND CIS INDICATORS**

The Council's Treasury Management and Prudential Indicators are attached at **Appendix 4**. They are based on data included in the budget report and this Strategy. They set various limits that allow officers to monitor its achievement, and are there to guide members and officers when treasury management decisions are being made.

A new section for this year's strategy is the CIS indicators these will be used to monitor the success of the CIS programme, using a set of ratios and metrics specifically designed for that programme.

These indicators must be approved by the Council and can only be amended by the Council.

Fitch	Rating	Definition	Examples of counterparties
Short term	F1	Indicates the strongest intrinsic capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.	Handelsbanken F1+ Nationwide Building Society Bank of Scotland Barclays Bank Santander
	F2	Good rated intrinsic capacity for timely payment of financial commitments.	Royal Bank of Scotland NatWest (The Council's Bank)
	F3	Fair rated intrinsic capacity for timely payment of financial commitments.	
Long-term	AAA	Highest credit quality organisations, reliable and stable. 'AAA' ratings denote the lowest expectation of default risk . They are assigned only in cases of exceptionally strong capacity for payment of financial commitments.	Germany, Sweden, Netherlands. Money Market Funds
	AA	Very high credit quality. 'AA' ratings denote expectations of very low default risk . They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.	United Kingdom, France, Handelsbanken
	AA-		HSBC Bank.
	A	High credit quality. 'A' ratings denote expectations of low default risk . The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.	Bank of Scotland A+, Lloyds Bank A+, Barclays Bank A+, Santander A+, Nationwide Building Society A+, Coventry Building Society
	A-		Leeds Building Society, Yorkshire Building Society.
	BBB	Good credit quality. BBB ratings indicate expectations of low default risk . The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity.	Royal Bank of Scotland BBB+, NatWest BBB+, Clydesdale Bank BBB+

Notes

The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories.

The credit ratings quoted above are based on those issued by Fitch, a Credit Rating Company.

FUND MANAGEMENT (IF NO FURTHER BORROWING)

ANNEX B

<p>The following limits do not apply to the CIS, as the CIS is intended to be a medium to long term investment vehicle. Properties and other investments may be held onto for a number of years, dependent on the Risk associated with each individual investment and the wider portfolio itself.</p>	
<p>Duration of investments</p>	<p>No investment shall be longer than 5 years. The duration of an investment should be limited to the duration indicated by the latest Arlingclose counterparty advice. Maximum duration for a Building Society with no rating is 1 month.</p>
<p>Types of investments</p>	<p>Fixed term Deposits Deposits at call, two or seven day notice Corporate bonds Money Market Funds UK Government bonds and Supranational Bank bonds Loans to Organisations Pooled Property and Asset Funds Shares Based Investments (subject to separate approval of the Treasury & Capital Management Group)</p>
<p>Credit Ratings</p>	<p>Building Societies All Building Societies with ratings of BBB or above. Building Societies with no ratings. (maximum duration 1 month)</p> <p>Money Market Funds AAA credit rating</p> <p>Local Authorities, Police Authorities, Fire Authorities or UK Central Government, No rating required</p> <p>Banks and Corporate Entities Short term rating F2 by Fitch or equivalent. Long-term rating of AA- by Fitch or equivalent if the investment is longer than 1 year.</p> <p>Loans to Organisations These will not require a specific credit rating but will be subject to individual approval by Cabinet (these will be for longer than 5 years).</p>

Maximum limits per counterparty (group), country or non-specified category	F1+ or have a legal position that guarantees repayment for the period of the investment	£5M
	F1	£4M
	Building Society with assets over £2bn in top 25 (Currently 10)	£5M
	Building Society with assets over £1bn if in top 25 (Currently 3)	£4M
	Building Society with assets under £1bn in top 25	£3M
	Liquidity (Call) Account with a credit rating of F2 or with a legal position that guarantees repayment or a Building Society	£5M
	UK Central Government	Unlimited
Money market fund AAA Credit rating and Pooled Property and Asset Funds	£4M	
<p>Country limits</p> <ul style="list-style-type: none"> – UK - unlimited – £5M in a country outside the EU – £10M in a country within the EU (excluding UK) – £20M in EU countries combined (excluding UK) – Country of Domicile for Money Market Funds – unlimited, providing the fund is AAA. <p>Except for Money Market Funds, no investment will be made in country with a sovereign rating of less than AA.</p> <p>These limits will be applied when considering any new investment from 21 February 2018. Lower limits may be set during the course of the year or for later years to avoid too high a proportion of the Council's funds being with any counterparty.</p> <p>Loans to Organisations No limit in value or period but will be subject to approval by Cabinet of a detailed business case.</p> <p>Commercial Investment Strategy Investments made through the CIS will subject to the parameters and limits set out in that strategy.</p>

Cash Flow

The Council will be making investments through the CIS. Initially investments will be made using reserves, however due to the cash flow impacts of council tax and precept payments there may not be on a day to day basis, sufficient cash. In the event of this circumstance the council will look to borrow on a short-term basis.

Borrowing – Long Term

As the CIS develops and investments are made, borrowing will be required. It is expected that this will be from the Public Works Loans Board (PWLb). The type of loan is expected to be repayment, whereby repayments are made to the lender on a regular basis.

2. GENERAL CAPITAL PROGRAMME BORROWING FORECAST

Borrowing Strategy General Capital Programme	2018/ 2019 £m	2019/ 2020 £m	2020/ 2021 £m	2021/ 2022 £m	2022/ 2023 £m
Expenditure

Need For Further Borrowing- Loans To Organisations	(15.0)	(15.0)	(15.0)	(15.0)	(15.0)

Cash Flow

In addition to the fundamental movements described above there are day-to-day impacts due to the flow of funds into and out of the Council. For instance, the dates on which the County Council is paid its portion of the council tax and Business Rate receipts will be different to the days the money is physically received from Council Tax and Business payers. These cash flows will sometimes leave the Council with several million pounds to borrow, or invest, either overnight or for a few weeks depending on the next precept date.

Authorities are permitted to borrow short term for this purpose and all borrowing decisions will be made on the most economically advantageous rates for the period that is required to be

covered. If rates are particularly high on a particular day then the sum may be borrowed overnight to see if rates are lower the following day for the remainder of the period.

Loans to Organisations

The amounts shown are indicative at this stage and any such loans to organisations would be subject to separate approval by Cabinet. The number of loans of this nature are, likely to be limited as the CIS is likely to produce higher yields and a better risk profile.

Investments – High Credit Quality

The Council following Department of Communities and Local Government (MHCLG) guidance on credit worthiness of financial institutions follows their guidance to ensure the high quality of the credit rating. The detail of this is shown in Annex A.

Whilst the Council will take some account of such additional information the main criteria for judging credit quality will be:

- Short term credit ratings, and long-term credit ratings for any investment over 1 year.
- The top 25 Building Societies by asset size irrespective of any credit rating they may hold subject to the comments below.
- Credit Default Swap prices obtained from our advisors.
- Counter party list provided by Arlingclose on a monthly basis.

Investments – Risk Mitigation

Credit quality can never be absolutely guaranteed so to further mitigate risks there is a need to spread investments in a number of ways:

- by counterparty, including any institutions that are linked in the same group.
- by country.

These limits need to be a practical balance between safety and administrative efficiency and need to cope with the uncertainty of the amount of borrowing in anticipation. A schedule is therefore included in Annex B which shows the investment limits for different levels of forward borrowing.

Investments - Periods

Once a time deposit is made there is no requirement for the borrower to repay until the end of the agreed period. Thus a borrower who has a high credit rating on the investment day could be in serious financial difficulties in the future. As a result significant use is made of liquidity accounts which currently give an attractive interest rate but also allow repayment of our investment the same day.

The Council will register with a selection of money market funds with AAA ratings which also allow same-day withdrawal of funds. The domicile for some of these funds can be in a low rated country; however as it is stipulated that the fund itself has to be Triple A, this is acceptable.

These funds will be used as appropriate taking account of comparative security and yields. During 2016/17, the Council used the following money market funds:

- Public Sector Deposit Fund, operated by Church's, Charities and Local Authorities.
- Federated Sterling Fund, operated by Federated Investors.
- Insight Liquidity Fund, operated by Insight Liquidity Funds PLC.
- Standard Life Liquidity Fund, operated by Standard Life Investments.
- Legal and General Fund, operated by Legal and General Investment Management.
- Blackrock Sterling Liquidity Fund, operated by BlackRock Investment Management.

If during 2018/19, where it becomes advantageous, further funds may be used.

Investments - Management

Taking account of the Credit Quality and Spreading the Risk sections above, Annex B outlines the criteria and limits for making investments.

There may be limited occasions, based on detailed cash flow forecasts, where some investments of more than a year might be made that do not relate to borrowing in anticipation.

Risk of counterparty failure can also be minimised by shortening the period of any time deposit. At the current time, partly reflecting the current interest rate structure, time deposits are generally kept below one month. The criteria also differentiates the duration of investments based on credit rating e.g. the maximum duration of investments with building societies with no rating will be 1 month.

A new investment category for 2016/17 onwards was "shares-based investments". Such investments can be considered higher-risk because, as well as their performance being dependent on the companies etc. concerned, their performance is also dependent on the wider stock (or similar) market. However, they are a very liquid investment vehicle and are an option the will be considered within the CIS.

No Funding Activity

The amount of capital borrowing up until March 2017 will be dependent upon the actual levels of revenue spending which will determine the level of the Council's own reserves that can be used and the level of capital spending which will determine the total sum required. The period of borrowing will reflect the current and anticipated interest rate profile. If short term interest rates began to rise consideration would be given to whether long term rates were attractive enough to support long term borrowing. If rates remain low it is much more difficult to justify long term borrowing.

Funding in Advance

Funding in advance would require longer term borrowing rates to be at levels that appeared to be attractive when compared with rates that were expected over the remainder of that period. It would also need to take account of the difference between the borrowing rates and the currently, much lower, investment rates that would be received pending the use of the money for funding capital from sufficiently secure counterparties. A risk assessment will be carried out before undertaking any advance borrowing, and agreement would also be sought from the external auditors.

Profile

The Council will be balancing two different aspects when deciding on the period it will borrow for:

- **Stability.** Avoid the risk of adverse market movements affecting the cost of borrowing. To do this the logical option is to borrow the money for as long as needed.
- **Lowest Cost.** Minimise the overall cost of borrowing which, at the present time, might result in very short borrowing because of the very low interest rates available.

Any long term borrowing will tend to be from the Public Works Loans Board (PWLB) which is a Government Agency providing funds to local authorities at interest rates linked to the cost of central government borrowing rates.

CIPFA PRUDENTIAL CODE FOR CAPITAL FINANCE IN LOCAL AUTHORITIES PRUDENTIAL INDICATORS AND TREASURY MANAGEMENT INDICATORS FOR 2018/19 AND THE COMMERCIAL INVESTMENT STRATEGY INDICATORS 2018/19.

The relevant Prudential and Treasury Management indicators that need to reflect the potential borrowing to finance funding in advance and loans to organisations have been amended. Where no requirement is shown, the indicator only reflects what is included in the Council’s Medium Term Financial Strategy.

All decisions relating to loans to organisations will be subject to approval by the Cabinet. Where these decisions will affect the relevant prudential or treasury indicators noted below, other than Item 7: “the authorised limit for external debt, retrospective approval will sought of Council at either the mid-year or full year reporting periods.

PRUDENTIAL INDICATORS

1. Actual and Estimated Capital Expenditure

		2016/17	2017/18	2018/19	2019/20	2020/21
		Actual	Forecast	Estimate	Estimate	Estimate
		£m	£m	£m	£m	£m
Capital Programme	Gross	9.0	11.9	5.5	3.9	3.4
	Net	7.8	10.3	3.7	2.7	2.1
CIS	Gross	9.2	30.0	0.0	0.0	0.0
	Net	9.2	30.0	0.0	0.0	0.0

1.1 Where it is determined that loans to organisations are for capital purposes, this will be treated as capital expenditure and would be in addition to the current capital programme.

1.2 The CIS estimated expenditure is subject to change, subject to further investments meeting the required rates of return.

2. The proportion of the budget financed from government grants and council tax that is spent on interest and the provision for debt repayment.

	2016/17	2017/18	2018/19	2019/20	2020/21
	Actual	Forecast	Estimate	Estimate	Estimate
Capital Programme	8.1%	10.1%	13.0%	14.9%	14.8%
CIS	4.4%	9.4%	10.1%	10.3%	10.0%
Total	12.5%	19.5%	23.1%	25.1%	24.9%

2.1 Assuming no borrowing in advance.

3. The impact of schemes with capital expenditure on the level of council tax

- 3.1 This calculation highlights the hypothetical impact on the level of Council Tax from changes from the previously approved MTFS due to capital schemes (including their associated revenue implications). The actual change in Council Tax will be significantly different due to revenue variations, spending adjustments and the use of revenue reserves.

		2018/19 Estimate	2019/20 Estimate	2020/21 Estimate
Capital Programme	Variation	£2.61	£5.70	£6.47
	Cumulative	£2.61	£7.63	£14.77
CIS	Variation	(£0.33)	(£0.14)	£0.04
	Cumulative	(£0.33)	(£0.48)	(£0.44)

4. The capital financing requirement.

- 4.1 This represents the estimated need for the Council to borrow to finance capital expenditure less the estimated provision for redemption of debt (the Minimum Revenue Provision). The table below shows the capital financing requirement split between the capital programme and the Commercial Investment Strategy.

	31/3/17 Actual £m	2017/18 Forecast £m	2018/19 Estimate £m	2019/20 Estimate £m	2020/21 Estimate £m	2021/22 Estimate £m	2022/23 Estimate £m
Capital Programme	38.8	43.1	43.8	43.3	42.2	41.2	40.4
CIS	0	26.4	24.5	22.6	20.7	18.8	16.9
Total	38.8	69.5	68.3	65.9	62.9	60.0	57.3

5. Gross debt and the capital financing requirement

- 5.1 In order to ensure that, over the medium term, net borrowing will only be for a capital purpose, the Council should make sure that net external borrowing (borrowing less investments) does not, except in the short term, exceed the total of the capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current year and any specific decisions to borrow in advance or make loans to organisations.

	2017/18 Estimate £m	2018/19 Estimate £m	2019/20 Estimate £m	2020/21 Estimate £m
Borrowing - General	15.7	15.4	18.2	17.9
Borrowing - CIS	30.0	30.0	30.0	30.0
Total	45.7	45.4	48.2	47.9

6. The authorised limit for external debt.

- 6.1 This is the maximum limit for borrowing and is based on a worst-case scenario. It reflects borrowing to fund capital rather than using reserves and the three elements (No activity, borrowing in advance and loans) will be controlled separately.

	2017/18 Limit £m	2018/19 Estimate £m	2019/20 Estimate £m	2020/21 Estimate £m
Short term	26	26	26	26
Long term	45	45	45	45
Other long-term liabilities (leases)	6	7	8	9
Total - No Funding Activity	77	78	79	80
Long Term based on the maximum borrowing in advance	0	0	0	0
Plus long term borrowing to finance long term loans to organisations	15	15	15	15
Plus long term borrowing to finance loans for CIS investments delivering a commercial yield	30	30	30	30
Total	122	123	124	125

7. The operational boundary for external debt.

- 7.1 This reflects a less extreme position. Although the figure can be exceeded without further approval it represents an early warning monitoring device to ensure that the authorised limit (above) is not exceeded.

	2017/18	2018/19	2019/20	2020/21
	Limit	Limit	Limit	Limit
	£m	£m	£m	£m
Short term	21	21	21	21
Long term	45	45	45	45
Other long-term liabilities (leases)	6	7	8	9
Total – No Funding Activity	72	73	74	75
Plus long term borrowing in advance	0	0	0	0
Plus long term borrowing to finance long term loans to organisations	15	15	15	15
Plus long term borrowing to finance loans for CIS investments delivering a commercial yield	30	30	30	30
Total	117	118	119	120

8. Adoption of the CIPFA Code

- 8.1 The Council has adopted the 2011 edition of the CIPFA Treasury Management Code of Practice. The 2011 edition is still the latest version.

TREASURY MANAGEMENT INDICATORS

9. Interest Rate Exposures

- 9.1 This indicator is set to control the Authority's exposure to interest rate risk. The upper limits on fixed and variable rate interest rate exposures, expressed as the amount of net principal borrowed.
- 9.2 Fixed rate investments and borrowings are those where the rate of interest is fixed for at least 12 months, measured from the start of the financial year or the transaction date if later. All other instruments are classed as variable rate.

Interest Rate Exposure Limits	2017/18	2018/19	2019/20
	£m	£m	£m
Upper limit on fixed interest rate exposure	70.0	80.0	90.0
Upper Limit on variable interest rate exposure	30.0	35.0	40.0

10. Borrowing Repayment Profile

- 10.1 The proportion of borrowing in place during 2016/17 that will mature in successive periods. This indicator is set to control the Council's exposure to refinancing risk.
- 10.2 The Council has forecast £15.8m long term borrowing at the end of 2016/17, but the uncertainty on whether any forward borrowing will take place and the potential for short term borrowing to be the most attractive option results in the limits set out below.
- 10.3 This may be affected by any funding in advance, Loans to Organisation or the CIS programme.

Funding capital schemes	Upper limit	Lower limit
Under 12 months	79%	0%
12 months and within 24 months	79%	0%
24 months and within 5 years	79%	0%
5 years and within 10 years	80%	1%
10 years and above	100%	20%

11. Investment Repayment Profile

- 11.1 Limit on the value of investments that cannot be redeemed within 364 days i.e. by the end of each financial year. The purpose of this indicator is to control the Council's exposure to the risk of incurring losses by seeking early repayment of its investments. These limits need to allow for borrowing in advance.
- 11.2 The uncertainty about borrowing in advance results in higher limits than would otherwise be required.

	2018/19	2019/20	2020/21
	£m	£m	£m
Capital Programme; Limit on investments over 364 days as at 31 March each year.	68.2	63.0	63.3

- 11.3 This may be affected by any changes to Funding in Advance, Loans to Organisations and the CIS.

COMMERCIAL INVESTMENT STRATEGY (CIS) SPECIFIC LOCAL INDICATORS

12. Interest Cover Ratio (ICR)

12.1 This ratio determines the amount of total net income from property investments (after operating costs and any applicable taxes) compared with the interest expense of the debt. This is important so the amount of interest payable compared to income generated is proportionate.

12.2 Because debt commences later in the Phase 1 cycle, the profile of the ICR is shown below. It is suggested that these are initial indices reflecting the maximum debt interest to revenue at the commencement of the Business Plan (BP). If investments profiles change, the ICR ratio will change.

Initial Interest Cover Ratio (at start of CIS Business Plan)			
Year	Estimated		ICR
	Revenue cash flow	Cost of Interest	
	£000	£000	
2017/18	3,179	628	19.7
2018/19	3,179	628	19.7
2019/20	3,179	628	19.7
2020/21	3,179	628	19.7

12.3 The proposed range for ICR shall be between 5 and 17.

13. Loan to Value Ratio (LTV)

13.1 This ratio determines the amount of total debt (compared to the total value of the underlying property assets as valued from time to time. Debt in this respect is both internal and external debt, i.e. revenue financing and borrowing from the market that is used to finance the capital propositions. Although it is recognised that the primary form of finance for the CIS portfolio is debt, it is important to ensure that the proportion of debt to asset value is actively managed to ensure that the debt burden is within acceptable limits

13.2 In a similar way to the ICR, the LTV ratios, as shown below reflect that debt commences later in the BP cycle. It is suggested that these are initial indices reflecting the maximum debt asset value at the commencement of the BP. If investments profiles change, the ICR ratio will change.

Loan to Value Ratio (at start of CIS Business Plan)			
Year	Estimated		LTV
	Loan Value £m	Asset Value £m	
2017/18	30.0	64.0	47
2018/19	28.1	64.5	44
2019/20	26.2	65.0	40
2020/21	24.3	65.5	37

13.3 It is recognised that while the LTV is an important indices when having regard to debt repayment obligations, the ICR is the more important indices when monitoring the CIS on an on-going basis because it provides performance information that will enable the Council to determine its ability to:

- make revenue contributions that will support the delivery of Council services.
- meet its interest payments commitments on the debt within the CIS.

13.4 The proposed range for LTV shall be between 30 and 65.

14. Target Income Returns

14.1 The primary indices for measuring returns on investment is the “return on equity” (ROE) indices. This is effectively the:

Net Revenue Contribution (*1) / Equity (*2)

*1 Revenue contributions shall be calculated as net i.e. income returns after taking into account all operating and management costs, interest expense, minimum revenue provision and relevant taxes.

*2 Equity being the difference between the value of assets and borrowing.

14.2 Following extensive modelling of the proposed investment opportunities, the expected revenue contribution to the Council will be £3.0m by the end of 2018/19; this gives a ROE of 8%.

14.3 However, reflecting the income expected to be generated from the CIS will grow over time, it is best to have an ROE range for the period of the BP, this will be set between 6% and 9% per annum.

14.4 It is accepted that individual investments will contribute different levels of income return and that the target revenue contribution is an average across the CIS portfolio.

15. Portfolio & Risk Metrics

15.1 Additional indicators that would be useful to monitor the CIS, however most of these will come into play as the CIS matures. These include:

Historic and forecast income and total returns

15.2 As the CIS matures:

- It will be useful to monitor the performance of the assets to assist in informing future assets acquisitions.
- Other indices will be developed and may include:
 - Benchmarking of returns (IPD)
 - Gross & net income
 - Operating costs
 - Vacancy levels and Tenant exposures

ANNUAL MINIMUM REVENUE PROVISION POLICY 2018/19

1.0 Introduction

- 1.1 Where the Council finances capital expenditure by debt, it must put aside resources to repay that debt in later years. The amount charged to the revenue budget for the repayment of debt is known as Minimum Revenue Provision (MRP), although there has been no statutory minimum since 2008, Councils, are in fact expected to make a prudent provision. The Local Government Act 2003 requires the Council to have regard to the Department for Communities and Local Government's Guidance on Minimum Revenue Provision (the MHCLG Guidance) most recently issued in 2012.
- 1.2 The broad aim of the MHCLG Guidance is to ensure that debt is repaid over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits, or, in the case of borrowing supported by Government Revenue Support Grant, reasonably commensurate with the period implicit in the determination of that grant.
- 1.3 The MHCLG Guidance requires the Council to approve an Annual MRP Statement, and recommends a number of options for calculating a prudent amount of MRP.
- 1.4 The Council has a number of MRP policies reflecting the range of capital financing options required for different service scenarios.
- 1.5 It does not cover any of the proposed changes in the consultation recently issued by CIPFA.

2.0 General MRP Policy

- 2.1 This Policy was originally approved by Cabinet on the 17th September 2009. For (iii) below, for 2017/18 there has been a slight change to clarify when the incidence of MRP will be chargeable. The following statement incorporates options recommended in the Guidance;
- 2.2 The actual Policy is:
- i. For capital expenditure incurred after 31st March 2008, MRP will be determined by charging the expenditure over the expected useful life of the relevant assets as the principal repayment on an annuity with an annual interest rate based on long-term borrowing rates, starting in the year after the asset becomes operational. MRP on purchases of freehold land will be charged over 50 years. MRP on expenditure not related to fixed assets but which has been capitalised by regulation or direction will be charged over 20 years.
 - ii. For assets acquired by finance leases or the Private Finance Initiative, MRP will be determined as being equal to the element of the rent or charge that goes to write down the balance sheet liability.

- iii. In respect of:
- capital assets; MRP will be chargeable in the year following the agreement of any final account.
 - other capital investments; MRP will be chargeable in the following financial year.

3.0 Loans to Organisations MRP Policy

3.1 This Policy was originally approved in 22nd February 2015. The aim of the policy is to facilitate the provision of finance to organisations, with the Council sourcing the finance from third parties, but to ensure that the incidence of debt finance is directly neutralized within the Councils balance sheet.

3.2 The actual policy is:

Where loans are made to other bodies for their capital expenditure, and the principal repayments are received at least on an annual basis, no MRP will be charged. The capital receipts generated by the annual repayments will replace the need to make a provision for MRP.

4.0 MRP Policy – Financing Expenditure with Annuity Loans

4.1 This Policy was originally approved on 22nd February 2016 and has been amended for 2018/19. The aim of this policy is to determine the neutralization of MRP when Annuity Loans are used to finance CIS asset, and investments.

4.2 The actual policy is:

For each capital investment undertaken under the requirements of the Council's Commercial Investment Strategy, where it has been decided that an Annuity Loan is advantageous, MRP will be made that is equal to the principal repayment for any loan finance supporting the investment.

5.0 MRP Policy – Financing Expenditure with Maturity Loans

5.1 This was a new policy for 2017/18, it has now been amended to include purchases in relation to housing property purchases.

5.2 Maturity Loans are similar to interest only mortgages, in that only interest is paid during the life of the loan with the loan principal being repaid at the end of the term (by either the Council taking out a further loan or selling the asset and repaying the loan from the capital receipt; with a possible net capital gain). To undertake such financing, a new MRP Policy would be required that included some specific safeguards to ensure that the use of capital finance remained prudent.

5.2 However, the advantage of Maturity Loans for the Council is that over the life of the loan, the net benefit from the ongoing income stream would be greater as the Council would only have to repay interest on an annual basis and not meet annual principal repayments. The following example clearly demonstrates the revenue advantage of financing by Maturity Loan compared to an Annuity Loan; in that the additional revenue stream over the life of the asset is £7.0m.

- If a CIS Asset of £10m was acquired with an annual income stream of £625k (pessimistic, giving a yield of 6.2%) and held for 20 years, the net revenue stream for a:
 - Maturity Loan would be £7.2m (£359k per annum).
 - Annuity Loan would be £140k (£7k per annum).

There the benefit for a Maturity Loan is £7.0m (£352k per annum).

5.3 Any new MRP Policy to support this activity must ensure that the principles of prudence are adhered to. The principles, are noted in “i to ii” below:

- i. The CIS or housing asset would be required to be directly linked to the loan finance; this could be agreed retrospectively by Cabinet following acquisition. However, the link could only be broken by a specific decision of Full Council. The Councils Constitution would be required to be changed to reflect this.
- ii. The CIS or housing asset is valued on an annual basis, in line with the Councils Accounting Policy for Investment Assets. If it is established that the value of the asset is less than the loan, then an MRP payment will be required, based on an Annuity Loan, and the MRP payment will continue to be charged until the Asset Value is greater than the loan.

5.4 The actual policy is:

For each capital investment undertaken under the requirements of the Councils Commercial Investment Strategy, where it has been decided that a Maturity Loan is advantageous, no Minimum Revenue Provision shall be made providing that:

- i. The capital investment is directly linked to the Maturity Loan, with the stated intention that at loan maturity the asset is sold or replacement finance is provided.
- ii. Cabinet will record the decision in (i) above (this may be done retrospectively i.e. after an acquisition). The link between Asset and Loan can only be broken by a decision of Full Council.
- iii. There is annual revaluation of the CIS or housing investment in line with the Councils Accounting Policy in respect of Investment Assets. If it is established that an asset has a value less than the loan then an annual MRP amount will be calculated, based on Annuity basis and continue to be charged until the value of the asset is greater than the loan.

Capital Financing Requirement and MRP Summary

Based on the Council’s latest estimate of its Capital Financing Requirement on 31st March 2018, the budget for MRP has been set as follows:

	31.03.2018	2018/19
	Estimated CFR	Estimated MRP
	£m	£m
Capital Expenditure	43.1	2.2
Commercial Investment Strategy	5.0	1.9
Total	48.1	4.1

Capital Financing Requirement (CFR)

Table 19 gives a summary of how, over the period of the MTFs, the Council's capital commitments and plans impact on its underlying need to borrow. **Tables 20** and **21** provide a more detailed breakdown of the CFR between the Council's mainstream Capital programme and the Capital Investment Strategy (CIS) respectively.

Table 19

Capital Financing Requirement - Total	Budget 2017/18 £000	Medium Term Financial Strategy				
		2018/19 £000	2019/20 £000	2020/21 £000	2021/22 £000	2022/23 £000
Opening Capital Financing Requirement	38,791	70,527	69,450	65,401	62,452	59,513
Closing Capital Financing Requirement	70,527	69,450	65,401	62,452	59,513	56,344
Increase/(Decrease) in Underlying Need to Borrow	31,736	(1,077)	(4,048)	(2,949)	(2,939)	(3,169)

Table 20

Capital Financing Requirement - General Capital Programme	Budget 2017/18 £000	Medium Term Financial Strategy				
		2018/19 £000	2019/20 £000	2020/21 £000	2021/22 £000	2022/23 £000
Opening Capital Financing Requirement	38,791	43,132	43,951	41,798	40,745	39,702

Formal 2018/19 Council Tax Resolutions

The formal 2018/19 Council Tax resolutions to be agreed by Council are shown below.

- a) That the Council note the Council Tax Base for the whole Council area and individual Towns and Parishes (para 6.2) as approved by Cabinet on the 1 December 2017 (and subsequent publication as a key decision).
The tax base (T) which is the amount anticipated from a District Council Tax of £1 is **£60,984**
- b) That the following amounts calculated by the Council for 2018/19 in accordance with the requirements of the Local Government Finance Act 1992 as amended by the Localism Act 2011 (the Act), the Local Government Finance Act 2012 and associated regulations :-
- (i) the aggregate of the amounts which the Council estimates for the items set out in Section 31A(2) (a) to (f) of the Act **£79,634,831**
Gross revenue expenditure including benefits, Town/Parish Precepts
 - (ii) the aggregate of the amounts which the Council estimates for the items set out in Section 31A (3) (a) to (d) of the Act **£65,237,972**
Revenue income including reimbursement of benefits, specific and general grants, use of reserves and any transfers from the collection fund.
 - (iii) the amount by which the aggregate at (i) above exceeds the aggregate at (ii) above in accordance with Section 31A (4) of the Act **£ 14,396,859**
This is the "Council Tax Requirement" including Parish/Town Precepts (item i minus item ii). It is the cash sum to be funded from District, Town and Parish Council Taxes.
 - (iv) the Council Tax requirement for 2018/19 divided by the tax base (T) in accordance with Section 31B (1) of the Act **£236.08**
District plus average Town/Parish Council Tax (item iii divided by District taxbase)
 - (v) the aggregate of all "Special Items" referred to in Section 34(1) of the Act. **£5,946,820**
The total value of Parish/Town precepts included in i and iii above.
 - (vi) the Basic Amount of Council Tax for 2018/19 being item iv less item v divided by the tax base (T) in accordance with Section 34 (2) of the Act. **£138.56**
The District Council's Band D Tax for 2018/19

- (vii) the basic amounts of Council Tax for 2018/19 for those parts of the District to which one or more special items (Parish/Town precepts) relate in accordance with Section 34 (3) of the Act are shown by adding the Huntingdonshire District Council amount to the appropriate Parish Council amount in column "band D" set out in Table 1 attached.
 - (viii) the amounts to be taken into account for 2018/19 in respect of categories of dwellings listed in particular valuation bands in accordance with Section 36 (1) of the Act are shown by adding the Huntingdonshire District Council amount to the appropriate Parish Council amount for each of the valuation bands in the columns "bands A to H" set out in Table 1 attached.
- (c) That the amounts of precept issued to the Council by Cambridgeshire County Council, Cambridgeshire Police Authority, Cambridgeshire & Peterborough Fire Authority and for each Parish Council for each of the categories of dwellings listed in different valuation bands in accordance with Section 40 of the Act shown in para 6.3 attached be noted.
- (d) That, having regard to the calculations above, the Council, in accordance with Section 30 (2) of the Act, hereby sets the figures shown in para 6.4 as the amounts of Council Tax for 2018/19 for each of the categories of dwelling shown. ***This is the total Council Tax to be collected, incorporating the requirements of all of the relevant bodies, for each town or parish area.***
- (e) The Council notes that, in accordance with Section 52ZB of the Local Government Finance Act 1992, the basic amount of its Council Tax for 2018/19 is not excessive. ***The basic amount at b(vi) above is not excessive as defined by the Government.***

Tax Base 2018/19

Based on the information contained within this report, it is recommended that pursuant to the Local Taxation Manager's report and in accordance with the Local Authorities (Calculation of Council Tax Base) Regulations 2012, the amounts calculated by the Huntingdonshire District Council as their (net) tax base for the whole District for the year 2018/19 be 60,984 and shall be as listed below for each Town or Parish of the District:

Robustness of the 2018/19 Budget and Medium Term Financial Strategy

The Local Government Act 2003 requires me, as the Council's Responsible Financial Officer, to report on the robustness of the 2018/19 budget and the adequacy of reserves to assist you in making your decisions on the Budget and the level of Council Tax. Further, this is an opportunity for me to provide some commentary in respect of the period covered by the Medium Term Financial Strategy (MTFS).

Robustness and Budget Setting

At the time of writing, the most recent Financial Performance Management Report (November 2017) was forecasting an overspend of £778k in respect of service expenditure. This is the first overspend that the Council has had in many years. The overspend has stayed relatively stable for the past few months and the reasons for the overspend were highlighted in the Draft 2017/18 Budget and MTFS that was reported to Cabinet in January 2018. In summary, the overspend is due to the changing business of the Council and the market that the Council operates in.

As in previous years, the Council has reviewed its service expenditure; however, this time around it has undertaken a process whereby Executive Councillors, in liaison with Senior Management Team, have jointly developed detailed savings and growth proposals; £1.8m and £2.1m respectively. As ever, the Finance Team has provided the central support to services and has been overseen by the Head of Resources (S151 officer).

In addition to the Executive Councillor review, the Council:

- continues to embed the Transformation programme (MOSAIC) into the core business of the Council. This includes the development of 4 workstream reviews, supported by an ongoing continuous improvement process that is following Lean principles, service Huddles, commercialisation through new ways of working, the development of a wholly owned company that will permit the Council to operate in a more private sector 'for profit' environment, and further expansion of the Commercial Investment Strategy, and
- has chosen, for a second year, to increase Council Tax by 2%.

Challenges facing the Council

The challenges that the Council faces are similar to those being faced by many Councils across the local government community. The principal challenges that the Council is tackling are illustrated below:

Public Sector Austerity – Cuts in grant funding

The public sector has, as a whole, been facing the most significant austerity programme in a generation and as a consequence of the government's ring-fencing of some government departments/services (i.e. NHS, Overseas Aid etc.); this has meant that local government has met a significant share of the austerity programme. As previously discussed, the Council has taken proactive action to effectively manage the financial consequences of austerity and its impact.

Following the 2018/19 provisional settlement announced in December 2017, **Table 22** clearly shows that the grant funding streams for the Councils MTFS for 2018/19 and for the period up to 2022/23 has moved when compared to the preceding year. For:

- 2018/19 the total grant included in last year's MTFS was £10.4m; following the provisional settlement this has now increased to £10.9m; an increase of £522k (5.0%).
- 2019/20 the total grant in last year's MTFS was £9.8m, this has now increased to £10.4m; this reflects an increase of £609k. However, this reflects an increase in S.31 grant of £711k but a reduction in the NDR estimate of £101k. It should also be noted that this will be the year when the Council, will for the first time not receive any RSG.
- 2020/21 onwards the Councils net grants position is relatively flat; however, it is approximately £300k more than the previous MTFS. It should be noted that impact of negative RSG is also reflected.

Table 22	Comparison of Grant Assumptions: 2017/18 Budget & 2018/19 Budget and MTFS (2019/20 to 2022/23)

Programme of Service Review

It is probably fair to say that all Councils are undertaking some form of service review and seeking to ensure that services are provided with affordability and value for money at their core. As mentioned earlier, the Council has undertaken Executive review of its budget, undertaken both a detailed Zero Based Budgeting programme and Line-by-Line review and has commenced a comprehensive Transformation Programme (MOSAIC).

Governance

Noted within the 2016/17 Annual Governance Statement (AGS) both the Executive Leader and the Managing Director consider that:

“After conducting a review of the governance arrangements across the Council and overall compliance with the Council’s Code of Corporate Governance, we are satisfied that the arrangements are effective.

It is recognised that there are always opportunities to improve and the review has identified four improvement areas ()....*

...We are satisfied that this statement allows the Council to meet the requirements of the Accounts & Audit (England) Regulations 2015 - to prepare an annual governance statement to accompany the 2016/17 Annual Financial Report.”

* The four areas that were identified in the AGS were:

- Continued development of effective governance and reporting arrangements for shared services.
- Introduce the replacement financial management system so that it is operational and available to use from December 2017.
- Ensure better outcomes are delivered to customers by improving the way in which complaints are recorded, investigated and outcomes reported back to the complainant.
- Introduce robust safeguarding procedures.

In May 2017, the Council’s Internal Audit and Risk Manager reported to the Corporate Governance Committee that the assurance given for the year to 31 March 2017 was:

“.....the Council’s internal control environment and systems of internal control as at 31 March 2017 provide adequate assurance over key business processes and financial systems”.

Further developments in governance over the past year include the:

- Introduction of a Safeguarding Governance Board,
- enhancements to the quarterly monitoring to Cabinet (and Overview and Scrutiny, and
- Introduction of monthly service performance clinics.

Risks

Because of the nature of the macro and micro environment that the wider local government family and the Council operates within, there are a whole host of risks that the Council faces on a day-to-day basis. In such an environment, budget setting is not a science but more a guide on how financial resources will be allocated to services over the forthcoming year and an indication into the medium term. There will always be items that emerge after the budget has been approved and these can range from a programme under or over achieving or an unexpected event occurring.

Mitigation of Unforeseen Events

The Council has always taken a very prudent position in ensuring that it maintains the General Fund Reserve at 15% of Net Expenditure – this is good and responsible financial management. However, to help mitigate a situation whereby an event could occur that would potentially have a negative financial impact on the Council, the Council has for a long time had a clear process in place. Where a situation has occurred that is ‘service’ specific, the

- first call for funding will be from compensating savings from elsewhere within the service, and if none are possible then savings from the wider Councils budget (service first, wider Council thereafter),
- second call for funding will be general service reductions. Such an approach will inevitably have an impact on service delivery,
- and finally, the use of General Fund reserves would be considered.

Where a situation arises that is ‘corporate’ in nature, then consideration will be given to the aforementioned first and second calls, but there is likely to be earlier considerations of using General Fund reserves.

During 2016/17 the Council introduced the Budget Surplus Earmarked Reserve; with the aim of this reserve being to “mop-up” service underspends that would cause the General Fund to be higher than the 15% minimum threshold. This has been developed further during 2017/18 to provide a means by which surpluses could be distinguished between those due to unspent NHB or in-services savings.

With regard to:

- Unspent NHB, such underspends will be passported through to the Commercial Investment Earmarked Reserve. Therefore by enabling the Council to ring-fence funds that are available for Commercial Investment and/or service development.
- In-service savings, such underspends can be ring-fenced to provide a ‘smoothing’ fund to meet future years potential deficits.

The technical definition of General Fund Reserves includes the pure General Fund Reserve as well as all ‘revenue’ Earmarked Reserves. In the context of making General Fund Reserve balances available to meet unforeseen events, these are limited to the General Fund Reserve itself as well as the Budget Surplus and Commercial Investment Earmarked Reserve. To mitigate such events and secure the delivery (and security) of day-to-day business, the schedule of call-off would be:

- General Fund Reserve
- Budget Surplus Earmarked Reserve, and then the
- Commercial Investment Earmarked Reserve

Risk Modelling

It is essential that relevant risks are identified and appropriate sensitivity analysis applied to determine the impact of such risks on the Councils financial standing – and consequently the delivery of the Councils day-to-day business. The most significant potential risks to the budget are:

- underachievement of savings.
- higher inflation.
- further reductions in income (mainly from fees and charges).
- non-achievement of savings; including Shared Services.
- failure of a borrower.
- an emergency.
- estate property enhancement/development.
- increased demand on services (e.g. benefits and homelessness).
- level of retained business rates.

Taking each of the above in turn:

- **Underachievement of Savings & Additional Income**

The savings included within the budget total £1.8m. These savings cover a broad range of services; however as ever with savings they are dependent on market, management and political conditions prevailing at the time. It is therefore prudent to assume that some of these savings may not be achieved; a fair assumption is a 30% underachievement which equates to £539k.

- **Inflation**

With regard to:

- **Pay**
The budget for 2018/19 includes an “across the board” pay increase of 1%. Taking into account employer oncosts (minimum wage, national insurance and pension), this equates to a total cost of £25m; a further 1% for sensitivity equates to £250k.
- **On-Boarding of Variable Hours Staff**
A risk remains whereby variable hours Council staff should be fully contracted staff. Some staff may elect to remain on zero-hours contracts whereas others may wish to be formally contracted. This risk is not built into the budget as the amount to be included is not known; however, for sensitivity purposes the total estimated cost of all staff reverting to a contracted hour’s contract is modelled, this would be £300k.
- **Business Rates (those payable by HDC)**
The budget for 2018/19 includes a Business Rates budget of £1.2m. Considering the changing occupancy of the Councils property due to external partners leasing its premises, there is the possibility that there could be rating implications for different parts of the Councils buildings. However, a marginal 5% change has been anticipated which has a sensitivity impact of £58k.

- General Inflation
No general inflation has been included in the 2018/19 budget except where there are contractual price increases; although for the Council this is minimal as most services are “contracted in”.
- Borrowing
The budget for 2018/19 assuming a borrowing cost of £565k based on a rate of 3.5%. If this rate increased by 0.25% the cost of borrow would increase by £40k to £606k, for sensitivity purposes a 75% impact is modelled which equates to £30k.

- **Reduced income: Fees and Charges**

Total fees and charges are £17.3m, therefore, for sensitivity analysis a 2% loss of income from fees and charges would amount to £173k. The largest income streams that are susceptible to variation include:

- Car Parks, £2.4m (Off-Street).
- Leisure Centres, £7.4m
- Commercial Estate, £5.2m
- Planning Fees, £1.7m

- **Reduced income: Commercial Investment Income (CIS)**

Total forecast CIS income is £5.2m; considering the reduced acquisition rate that has been encountered during 2017/18, for sensitivity analysis purposes if there was a 25% loss of income from rental income this would equate to £1.3m.

- **Reduced income: New Homes Bonus**

During 2016/17 the Government has consulted on changes to New Homes Bonus (NHB). The government’s decision has been to reduce the number of legacy years for NHB from 6 to 4 and to include a 0.4% deadweight factor above which only growth will be paid. For 2018/19 the Councils NHB is £2.7m and is expected to remain around this level until 2022/23. Fortunately by this time the Council will not be reliant on government grant as it will have modelled NHB and RSG by that date. However, for sensitivity purposes the Council’s is including a 10% reduction in NHB, reflecting £272k.

- **Government Grant: Non Domestic Rates**

Since the localisation of Non Domestic Rates in April 2013 it has become increasingly clear that the levels that the authority will be able to retain are more and more difficult to forecast. Whilst there are some opportunities for estimating i.e. the development of new buildings, it is very difficult to judge when development will commence on allocated land even if planning permission has been granted.

Prior to 2017/18, it had been established that the government’s assessment of growth for the District was somewhat optimistic when compared to actual growth. As last year, for 2018/19 the Council has taken a more prudent line by formulating its own assessment for NDR receipts (£5.8m) and only increased thereafter by 2% per annum. Directly linked to NDR are S.31 grants, this is government grant that compensates local government for it

being required to exceed the minimum statutory regulations for certain thresholds as a consequence of government priorities (i.e. increasing the 'small business relief' limit above that required by law). The assessed S.31 receipts for 2018/19 are £1.7m.

Although it is fair to say that any NDR reduction would be limited by the existence of the safety net (i.e. it provides a statutory limitation to losses), it is fair to apply sensitivity the gap between the safety net and the estimated NDR receipt. Losses can be accrued in a number of ways; reduce NDR as a consequence of business failure, demolition or catastrophic event, but are more usually impacted due to rating appeals (some of which can take many years to concluded). In respect of:

- NDR, the gap between the estimated income (£5.8m) and the safety net (£4.1m) is £1.7m; 10% sensitivity reduction will be applied giving £170k.
- S.31, a 5% sensitivity reduction will be applied giving £85k.

As noted in **Table 4** (paragraph 1.2.7), the Council's share of the NDR surplus in respect of Business Rates is £999k, a 15% sensitivity will be applied giving £150k.

The above is a more granular approach to sensitivity than in previous years; this is considered prudent as the Council moves closer to a position of full financial sustainability.

- **Failure of a Borrower**

The current counterparty limit is lending of £5.0m to a single institution.

The main "borrowing" risk rests whether the lending is either on a short or long term basis. The £5.0m limit is restricted to bodies with a credit rating of F1+ or Building Societies with more than £2 billion in assets. The impact of a "failure of borrower" will be the loss of revenue cash flow and the potential costs involved of "making good" the lost investment. There are however, good governance arrangements around the Council's Treasury activity and therefore the likelihood of loss is minimal. However, with Brexit drawing closer and the financial impacts still being relatively unknown, it would be prudent to include some sensitivity in respect of cash flow. Therefore, the average amount lent to an institution at any given time is around £4.0m; if this amount was lost and the Council had to borrow from the PWLB, at current rates this would amount to a cost of £50k. This block amount is included in the sensitivity analysis.

- **Emergency**

As is normal for a business, different types of risk are mitigated in many difference ways Some risks are insured against, so losses are limited to the excesses payable and also, the Government's Bellwin Scheme meets a large proportion, over a threshold, of the costs of any significant peacetime emergencies (e.g. severe flooding). Further, the Council does maintain its General Fund Reserves at a fair 'minimum' level and there use in respect of Mitigation of Unforeseen Events is discussed in detail at paragraphs 8.5.2 and 8.5.3.

With specific regard to flooding, the Council does reside within a flood risk area and there have been occasions where the Council has been required to meet the cost of local flooding incidents; however, such costs have been met from within current resources.

With the reduction in budgets it is anticipated that such ad-hoc spend will not be able to be as easily accommodated so it would be prudent to include an element within any sensitivity to meet this cost. The Code of Financial Management permits the Managing Director or the Responsible Financial Officer to incur “emergency spend” of up to £500k, with retrospective reporting to Cabinet. A 50% allocation (£250k) of the £500k is included within the sensitivity analysis.

- **Estate property enhancement/development**

With the Council increasing its CIS Estate and the ‘aging’ of its current Operational Estate, it is fair to include a risk in respect of future property enhancement. For sensitivity modelling purposes, the estimated cost of enhancement is £2.25m and the sensitivity cost is modelled on a 15 year PWLB Annuity loan giving an annual cost of £139k.

- **Increased demands on services**

Many of the services provided by the Council are susceptible to an increase in demand. However, over the past few years the most susceptible that have had a significant revenue impact are homelessness and Council Tax Support.

With regard to homelessness, the budget for 2018/19 is £1m and for Council Tax Support is £6.6m; if there was a 10% increase in demand for each this would require an additional £767k (£102k and £665k respectively). In addition, ICT has identified savings totalling £2.1m, if say 75 of this was not achieved this would amount to £147k.

- **Council Tax**

The Council has chosen to increase Council Tax for a second year; this is a prudent step as it helps to maintain the financial foundation of the Council and awards it opportunities for future investment. The Council has chosen to increase by 2% (£2.72) which it views as an amount that is affordable to its residents (and discussed in detail in the Draft Budget Report that went to Cabinet in January). An increase of 2% represents around £166k, as this is a marginal increase no further sensitivity has been undertaken. It should be noted that the Council could have chosen to have increased by the higher of either 3% or £5.

Sensitivity for 2018/19 Budget

Considering the risks noted above and the stated budget assumptions, the accumulated total cash risk is £4.3m. However, it is highly unlikely that all these risks will occur at the same time, so it is fair to apply “sensitivity” to each risk and then model the likelihood of occurrence. **Table 23** shows this detailed analysis and in summary the additional pressure within 2018/19, based on the likelihood of occurrence, is as follows:

- Pessimistic view, additional pressure of: £2.1m
- Middle-View, additional pressure of: £1.6m
- Optimistic View, additional pressure of: £1.1m

Table 23		Sensitivity of Risks to 2018/19 Budget & Funding Options									
Risk	Costs Included in 2018/19 budget £000	Sensitivity Impact			Likelihood of Occurrence						
		+/-	Cost £000		Pessimistic Factor	£000	Middle-Way Factor	£000	Optimistic Factor	£000	
Underachievement of Savings & Additional Income	1,773	Savings not achieved	30%	532	0.7	372	0.2	106	0.1	53

Total Sensitivity				4,854		2,138		1,596		1,125	
Estimated Reserves at 31 March 2019						2,592		2,592		2,592	
Budget Surplus Reserve at 31 March 2019						4,209		4,209		4,209	
Estimated Reserves at 31 March 2019						6,801		6,801		6,801	
Conclusion of Sensitivity i.e. Estimated Reserves less Sensitivity											
- Do Reserves remain positive						Yes		Yes		Yes	
- Do Reserves remain above Minimum Level of Reserves (15% of Net Expenditure)						Yes		Yes		Yes	
- Reduction in Reserves						82.5%		61.6%		43.4%	

Revenue Reserves

Reserves for 2018/19 and the MTFs Period (2019/20 to 2022/23)

There is no statutory minimum level of reserves; however, Cabinet in December 2015 confirmed there should be a minimum level of General Fund reserves set at 15% of the Net Revenue Budget of the Council. The primary aim of the General Fund is to provide a safety net for unforeseen expenditure/

In addition to the General Fund, and as shown in 1.4, the Council operates a Budget Surplus Earmarked Reserve. The aim of this reserve is to “mop-up” any budget surplus’ or deficits to ensure that the Council can maintain its core contingency reserve, the General Fund. The Council also operates one further reserve, the Commercial Investment Earmarked Reserve, the aim of which is to hold onto NHB that will afford the Council the future opportunity to either invest in local services or assets.

However, to ensure the adequacy of the Councils Reserves (i.e. their robustness) it is essential to determine if the Councils revenue reserves are sufficient to meet the assessed risks (8.5.7). To determine this, a two stage comparison will be undertaken in that the “likelihood of occurrence” of a risk will be compared to two sets of reserves. The detailed analysis is shown in **Table 24** and relevant commentary is shown below.

Stage 1

The “likelihood of occurrence” of the assessed risks will be compared against the General Fund Reserve and the Budget Surplus Reserve – in this way the CIS Reserve can be used over the life of the MTFFS to invest as noted in 8.6.2 above.

As shown in **Table 24**, both reserves can meet the assessed risks until 2020/21; thereafter the minimum level of reserves threshold is broken.

Stage 2

In addition to the General Fund Reserve and the Budget Surplus Reserve, the Stage 2 assessment compares the “likelihood of occurrence” of the assessed risks against the CIS Reserve. **Table 24** clearly shows that by using the CIS Reserve the Council will be able to meet the assessed risks; however what this does mean is that the Council would not be able to entirely invest the CIS Reserve because if it did it would not be able to meet its service delivery obligations.

Table 24																
Impact of 2017/18 Sensitivity of Risks on the MTFS General Fund Reserves Profile																
General Fund Reserve and Budget Surplus Reserve	2018/19 £000			2019/20 £000			2020/21 £000			2021/22 £000			2022/23 £000

Budget Surplus Reserve c/f	4,209			3,217			2,179			985			4			
Commercial Investment Reserve c/f	3,933			6,606			9,279			11,952			14,625			
	10,734			12,432			14,110			15,650			17,367			
Minimum Level of Reserves (*)	2,592			2,609			2,652			2,713			2,738			
	Pessimistic	Middle-Way	Optimistic	Pessimistic	Middle-Way	Optimistic	Pessimistic	Middle-Way	Optimistic	Pessimistic	Middle-Way	Optimistic	Pessimistic	Middle-Way	Optimistic	
Reduction in Reserves (in year)	2,138	1,596	1,125	2,138	1,596	1,125	2,138	1,596	1,125	2,138	1,596	1,125	2,138	1,596	1,125	
Estimated Reserves c/f	8,596	9,138	9,609	10,294	10,836	11,307	11,972	12,514	12,985	13,512	14,054	14,525	15,229	15,771	16,242	
- Do Reserves remain above Minimum Level of Reserves	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	

* = The minimum level of reserves is 15% of Net "budgeted" Expenditure

Consequently, it is fair to say that:

- i. if the situation arose, with the use of the General Fund, Budget Surplus and CIS reserves the Council should be able to absorb considerable additional financial risk. It should be noted however, as mentioned earlier, it is unlikely that all these risks would occur all at the same time.
- ii. the Council is self-sufficient over the medium-term. The Council has a surplus budget for 2018/19 and 2019/20 and is making the prudent decision to “bank” early year budget surpluses into the Budget Surplus Reserve to enable it to meet subsequent year funding gaps; whilst being able to maintain its general reserve at 15% of net expenditure over the MTFS period.

However, to remove reliance on the use of reserves the Council will be required to find further savings or generate additional income equivalent to 5% of its net expenditure – as summarised in **Table 24** below and shown on the “Plan on a Page” at **Appendix 3**.

Table 25	2019/20	2020/21	2021/22	2022/23
	£000	£000	£000	£000
Plan on a Page - Approved MTFS 2019/20 - 2022/23				
Approved MTFS Net Expenditure	17,394	17,677	18,086	18,253
Plan on a Page - new savings required from MTFS	(975)	(995)	(1,133)	(956)
Plan on a Page - % savings required from MTFS	-6%	-6%	-6%	-5%
Budget Requirement (adjusted for savings required)	16,419	16,682	16,953	17,297

The Council should be rightly proud of the progress it has made since the commencement of the ZBB process some four years ago because it has reduced its forecast 2019/20 budget gap from £8.2m to £975k, a reduction of 88%. And with the “MOSAIC” Transformation programme underway and the continued commercialisation of its services, this gap should close in the near future.

Conclusion

2018/19 Budget

Considering all the factors noted within the “Robustness” statement in respect of 2018/19, I consider that the combination of the:

- Councils commitment to continue to find service efficiencies,
- the direction of travel in relation to governance,
- it’s clear intention to invest in services, and
- it’s prudent position relating to income recognition (including raising Council Tax),

the budget proposed for 2018/19 should not give Members any significant concerns over the Council’s financial position.

Medium Term Financial Strategy (2019/20 to 2022/23)

With regard to the period covered by the MTFS; the Council does face some future funding risk with the:

- anticipated removal of RSG in 2019/20, and
- the ongoing issues pertaining to the localisation of Business Rates.

However, over the past few years the Council has taken proactive action to address its budgetary concerns and with the planned continuation of its Transformation programme and its intention to further commercialise services the Council has a sound financial base upon which it can further develop its aim of financial self-sufficiency.

Clive Mason FCPFA

Responsible Financial Officer (Section 151)

Code of Financial Management

1. FINANCIAL RESPONSIBILITIES

General

- 1.1. Before any proposal that affects the Council's financial position is made the body or person(s) responsible for making that decision, or for making a recommendation to that body or person(s), shall consider a written report, approved by the officer accountable for the appropriate budget, detailing the financial implications.

The Council

- 1.2. Will:
- determine the Council's Medium Term Financial Strategy (MTFS), approve the annual budget and set the level of the Council Tax.
 - approve the Council's Treasury Management Strategy (TMS) and prudential indicators.
 - approve changes to this code.

The Corporate Governance Committee

- 1.3. Will:
- ensure that the financial management of the Council is adequate and effective.
 - ensure that the Council has a sound system of internal control including arrangements for the management of risk.
 - consider the Council's code of corporate governance and approve the annual statement.
 - approve the internal audit charter and the annual internal audit plan and comment on the external audit plan.
 - approve the Council's Annual Financial Report (AFR), which includes the statutory accounts.
 - consider reports from the external auditor.
 - recommend changes to this code to the Council.

The Cabinet:

- 1.4. Will propose to the Council:
- the MTFS.
 - the annual budget and Council Tax level.
 - a combined annual report including the TMS, Treasury Management Policy, and the Treasury Management and Commercial Investment Strategy prudential indicators.
 - after considering the views of the appropriate Overview and Scrutiny Panel and representatives of the business community, set financial priorities, allocate and re-allocate resources in accordance with the limits in this code, monitor and review financial performance.
 - approve the Risk Management Strategy.

Overview and Scrutiny Panels

- 1.5. Will contribute to the development of, and review the effectiveness of, the Council's MTFS, Treasury Management and annual Budget.

Cabinet and Committees (and sub-committees)

- 1.6. Will ensure that all decisions within their remit are made within the relevant budgets and are consistent with achieving the Council's corporate plan and adopted policies. If they wish to make proposals that will require additional resources, these will need to be subject to officers, the Cabinet or the Council making these available through the normal process.

Budget Managers and Executive Councillors

- 1.7 Will own and manage the budgets within their responsibility. Specifically, they will effectively plan and control financial activity to ensure efficient and effective use of resources. Budget Managers should ensure that the full financial implications of all decisions are properly assessed and highlighted to decision makers.
- 1.8 Will take lead responsibility for planning the Budgetary Cycle, including monitoring and forecasting of revenue activity so far as it is related to those budgets.

Members and Employees

- 1.9. Will contribute to the general stewardship, integrity and confidence in the Council's financial affairs and comply with this code and any systems, procedures, or policies relating to the financial management of the Council.
- 1.10. Specifically, they shall bring to the attention of the Responsible Financial Officer (RFO) any act or omission that is contrary to the provisions of this code or the maintenance of high standards of financial probity, and provide information or explanation on matters within their responsibility to him/her, the Monitoring Officer (MO), Internal Audit Service or the Council's external auditors.
- 1.11. Any member or employee who is involved in a transaction with the Council, or who has an **interest** in a transaction between a third party and the Council, shall declare the nature and amount to the MO before any decision on the matter is made by the Council. The MO will advise the member or employee of any actions they should or must take.
- 1.12. For the purpose of this section an interest also includes any interest of a member of your family or a close associate or acquaintance. This shall be interpreted as anyone whom a reasonable member of the public might think you would be prepared to favour or disadvantage.

The Monitoring Officer (MO) or, in their absence, the Deputy Monitoring Officer (DMO).

- 1.13. Will report to the Council on any proposal, decision or omission that in their view is likely to result in a contravention of the law or any code of practice enacted under it, fails to comply with a legal duty, represents maladministration or is unjust, in accordance with section 5 of the Local Government and Housing Act 1989.
- 1.14. For these purposes he/she shall have full and unrestricted access to all Council assets, systems, documents, information, employees and Members.

The Responsible Financial Officer (RFO) or, in their absence, the Deputy Responsible Financial Officer (DRFO).

- 1.15. Will be responsible for the proper administration of the Council's financial affairs, prescribe appropriate financial systems, protocols, procedures and policies, maintain an internal audit service and report to the Council in the event of a decision or action leading to unlawful expenditure, a loss or deficiency or an unlawful accounting entry (in accordance with section 151 of the Local Government Act 1972, section 114 of the Local Government Act 1988 and the Accounts and Audit Regulations).

- 1.16. Will be responsible for ensuring the final accounts are completed and published by the statutory dates and reporting the details of any material amendments specified by the external auditor to the Corporate Governance Committee.
- 1.17. For these purposes they shall have full and unrestricted access to all Council assets, systems, documents, information, employees and Members.
- 1.18. The DRFO officer will be responsible for detailed and operational aspects of the administration of the Council's financial affairs on behalf of the RFO, approving new financial systems and undertaking such duties as are set out in this code.

Budget Managers (Team Managers, Heads of Service, Corporate Directors and Managing Director)

- 1.19. The Council's management structure is based on Team Managers, Heads of Service, Corporate Directors and the Managing Director taking responsibility for a service and its related budget. For the purpose of this Code they are referred to as Budget Managers. Whilst they retain ultimate responsibility they will often delegate appropriate tasks to their members of staff.

The Budget Manager responsible for a budget:

- will be responsible for proper financial and resource management and the prevention of fraud and corruption within the services and functions under their control and will be responsible for informing the Internal Audit & Risk Manager of all suspected or notified cases of fraud, corruption or impropriety.
- will be responsible for preparing and submitting the capital project appraisal form to the Finance Governance Board (FGB) for approval.
- will be responsible for developing and submitting a detailed business case to the FGB if required (following approval of the capital project appraisal form).
- may incur financial commitments and liabilities in accordance with this Code, the Council's scheme of delegation and resources allocated in their budgets. In particular they may make purchases of goods and services, subject to the requirements of the code of procurement, and employ staff, in accordance with HR policies and any CMT requirements.
- will need approval from their Head of Service in consultation with Corporate Director for appointments for vacant posts at Grade D and below.
- will need approval from CMT for the appointment to vacant posts of Grades E and above.
- will be responsible for regular and effective monitoring and forecasting of the financial position relating to their services.
- will, in accordance with the risk management strategy determine the inherent risks within their services, to the achievement of the Council's priorities and establish, maintain and document adequate systems of risk management and internal control, in consultation with the Internal Audit service, and ensure that relevant employees or Members are familiar with such systems.
- will be responsible for providing in a timely manner, the information necessary to ensure that the final accounts can be completed by the statutory deadlines.
- will be responsible for improving the value for money and efficiency of their services and in discussion with their accountant, ensuring that any budget adjustments are included in the following years budget process.
- will be responsible for identifying opportunities and then bidding for grants or contributions from other bodies to support the achievement of the Council objectives through their services.
- annually review their services to identify any aspects that are not currently charged for, but could be and the appropriateness of the current charges.

- annually review their fees and charges in line with the Fees and Charges guidance for managers and in consultation with the Executive Councillors, with any changes being included in and approved with the annual budget. Changes within the financial year will be subject to consultation with the Executive Councillors and approved by the RFO. In doing so:
 - charges should be made for services whenever the Council has a power or duty to do so.
 - however, this presumption may be modified by the application of the charging principles set out at below, which may result in no charge being made or a lesser charge being made or in some cases a charge being made which is greater than that required for cost recovery.
 - no charge will be made in cases where the Council is not permitted to charge by law. Where charges are set by external bodies, those charges will be applied. Where maximum or minimum charges are specified externally, charges will be set in compliance with those requirements.
 - when deciding to set a charge which is not based on cost recovery, general areas of consideration are set out at in the Fees and Charges Guidance for Managers. This provides relevant factors which should be taken in to account.
 - where without prior agreement by the Council, individuals or organisations engage in activities that result in a cost to the Council, the Council will seek to recover this cost, wherever possible.
 - consideration may be given to offering a discount or other reduction, in appropriate cases, where it is felt that this may improve take up of the service or to encourage prompt payment, following consultation with Head of Services and the S151 Officer.
 - activities carried out by the Council will be continually reviewed in order to identify any new areas where it would be appropriate to make a charge to persons or organisations benefiting (actually or potentially) from those activities. The level of the charge will be determined in accordance with these charging principles.
- will be accountable for the delivery of services, projects, contracts within the budgets set by the Council.
- will be accountable for financial performance and ensuring, wherever possible, appropriate comparisons are made against service standards or other organisational comparators.

Internal Audit

- 1.20. Will be responsible for providing an independent and objective opinion on internal control, risk management and governance systems. It will act in accordance with the internal audit charter and undertake reviews that focus on areas of greatest risk to the Council's control environment as contained within a programme agreed annually by the Corporate Governance Committee after consultation with the RFO and budget managers.
- 1.21. For these purposes internal audit shall have free, full and unrestricted access to services and functions and all Council assets, systems, documents, information, employees and Members. All employees are required to assist internal audit to carry out its role.

2. FINANCIAL AND SERVICE PLANNING

June - Overall review

- 2.2. The Cabinet shall review the financial performance of the Council in the previous year, compared with the annual budget, on the basis of the provisional outturn report prepared by the DRFO in conjunction with budget managers.

August to January – Preparation of the draft budget and MTFS

- 2.3. The RFO in conjunction with budget managers will review and prepare the draft annual budget and the MTFS for review by Cabinet after consultation with the relevant Overview and Scrutiny panel.

February - Annual budget, MTFS and service plans

- 2.4. The Cabinet shall, after consultation with the relevant Overview and Scrutiny Panel, recommend to the Council an annual budget for the next financial year and a MTFS for the succeeding four years, incorporating both capital and revenue expenditure, which is consistent with corporate and service strategies. Following approval of the annual budget each budget manager shall update their service plan(s) to reflect the approved budget and how the resources allocated will be used to meet service objectives in the forthcoming year.

March to July – Annual Financial Report (AFR)

- 2.5. The DRFO in conjunction with the budget managers will prepare the AFR. The AFR includes the statutory annual accounts which subject to external audit will be approved by both the RFO and Corporate Governance Committee.

3. CONTROLLING FINANCIAL PLANS

Financial Monitoring

- 3.1. Budget Managers will be responsible for regular and effective monitoring and forecasting of the financial position relating to their services. Where it is identified that there will be a significant overspend or underspend, this will be promptly reported to the RFO by the budget manager. If it is considered necessary by the RFO in delivering projects or programmes, the same discipline will apply.
- 3.2. On a monthly basis the financial and overall performance of the Council will be reviewed by the budget managers and the relevant Executive Councillors. This will include trend and forecast data and, where available comparative data.
- 3.3. CMT will review, on a monthly basis, the Financial Performance Monitoring Suite (FPMS). The FPMS will be reported to Cabinet on a quarterly basis. The FPMS will be prepared by the DRFO, in consultation with each Head of Service and budget manager to include comparisons with other service providers and local trend data.

Commitments to Expenditure in Future Years

- 3.4. No new commitment to expenditure beyond the current budget year may be made unless it:
- is consistent with the achievement of the Council's objectives and other relevant strategies, and
 - is compatible with the Council's MTFS.

Grants, Cost Sharing and S106/CIL agreements

- 3.5. Where a budget manager proposes to take advantage of:
- receipts of grants, contributions and other forms of external funding, or
 - enter cost sharing arrangements,
- 3.6. with other organisations, and where such arrangements will deliver additional or improved services, consistent with their service plan without creating any current or future commitment to net expenditure they may do so subject to:
- the relevant Head of Service being satisfied that the project funding meets with corporate objectives and that the resource required to produce the bidding documents is reasonable.
 - the funds being dependent upon a particular project or service being provided but, in the case of S106/CIL agreements, the location or some other aspect is at the Council's discretion.
 - informing the DRFO of the details.
 - consulting the relevant Executive Councillor(s) if the proposal exceeds £30,000 revenue or £50,000 capital in any one year with any capital having been previously agreed by the FGB or any discretionary element of a S106/CIL agreement.
- 3.7. A budget manager may utilise sums of money received under S106/CIL, or equivalent agreements where there is no discretion. The DRFO should be informed of the details including:
- A copy of all information that supports the grants received (grant letter etc) so a decision can be made in respect of the correct accounting treatment.
 - Documentation confirming how they plan to meet any grant conditions, including suitable monitoring and reporting arrangements.

Approvals for additional spending with a net impact

- 3.8. The Managing Director, or in their absence, the RFO, may incur expenditure for the immediate alleviation of hardship or suffering in the case of peacetime emergency in the district. Any exercise of this power must be reported to the Cabinet (under £500,000) or the Council (over £500,000) at the first opportunity.
- 3.9. The Managing Director, or in their absence, the RFO, may incur expenditure of up to £500,000 for any purpose which is urgent and demonstrably in the Council's best interests to do so following consultation with the Executive Leader or Deputy Executive Leader. Any exercise of this power must be reported to the Cabinet at the first opportunity.

Approvals for additional spending with compensating savings

- 3.10. Proposals that require initial funding but will then result in net surpluses or savings that are at least sufficient to produce a break-even position will be supported in principle if they are:
- consistent with increasing the achievement of the Council's objectives and compatible with relevant strategies.
 - achievable within the Council's MTFs.
 - supported by a robust business case which includes a risk assessment.
 - supported by CMT.
- 3.11. The RFO may approve such a scheme following consultation with the relevant Executive Councillor for the service and the Executive Councillor for Resources. The relevant budget(s) and MTFs will be appropriately adjusted.

Budget Virements

- 3.12. The process of moving budget resources between different areas within the budget year is called a virement. The virement of resources within, or between, any of the types of budgets is supported in principle when it will make it more likely that the Council will achieve its service objectives and targets or enhance value for money.
- 3.13. These limitations are:
- The salary budgets (pay, national insurance and pension) represent the Councils approved establishment list. As such the salary budgets cannot be vired to other areas of the budget. A positive salary budget variance may be used to cover the additional temporary staffing costs incurred due to vacant posts.
 - The corporate finance budgets are those budgets that are necessary to the operation of the Council and have limited controllability. Such budgets included with this area are; minimum revenue provision, interest, pension liability and levies. Changes to the corporate budget can only be made by the RFO following consultation with the Head of Paid Service.
 - Not from capital to revenue.
- 3.14. A Budget Manager may approve a budget virement within and between the budgets they are responsible for providing it is:
- Consistent with increasing, or at least maintaining the achievement of service objectives and compatible with the Council's financial and other relevant strategies.
 - Only a movement of establishment posts to another service as part of a service restructure.
 - Notified to the DRFO.
 - Each virement is over £5,000.
 - Within the following limits if between service budgets:
 - Revenue to revenue £75k
 - Revenue to capital £75k
 - Capital to capital £75k
- 3.15. CMT may, subject to the same criteria, except for the enhanced limits shown below, approve budget virements between any budgets:
- Revenue to revenue £250k
 - Revenue to capital £250k
 - Capital to capital £250k
- 3.16. Cabinet may approve budget virements of up to:
- Revenue to revenue £500k
 - Revenue to capital £500k
 - Capital to capital £500k
- 3.17. In all cases, any previous transfers in the same financial year relating to those budgets shall be aggregated for determining whether the limit has been exceeded. Providing there is no increase in the "budget requirement", Cabinet can approve the application of reserves to meet additional expenditure in line with the reserves strategy.
- 3.18. In all other cases the approval of the Council will be required.

Price Base Changes

- 3.19. Inflation will be included, if necessary during the budget process as directed by the RFO.

Capital Programme

- 3.20. The Finance Governance Procurement Board (FGPB) will review and recommend to CMT those schemes that should be included in the capital programme, the MTFS and be approved by Cabinet.
- 3.21. FGPB may recommend changes to existing schemes or the introduction of new schemes during the financial year based on the performance of, or delays incurred within the delivery of the approved capital programme plan. Changes to the schemes in the MTFS will be approved by Cabinet.

4. CASH AND CREDIT MANAGEMENT

Banking

- 4.1. The RFO is responsible for all Council banking arrangements and shall maintain an account(s) with an appropriate bank(s) as defined in the Treasury Management Strategy (TMS). All transactions involving income or expenditure shall be dealt with through the Council's bank account(s).

Income

- 4.2. All employees receiving money (including cash, cheques, credit card payments etc.) must comply with the relevant procedures issued by the RFO to ensure that the sums are properly recorded, receipted and banked.
- 4.3. No cash payment in excess of £1,000 will be accepted.
- 4.4. The Head of Customer Services will manage the Council Tax and Non-Domestic Rating collection service on behalf of the Council; including the billing and debt recovery procedures.
- 4.5. The DRFO shall manage a sundry debt collection service on behalf of the Council and all sums due must be registered by raising an invoice on the Council's financial management system.
- 4.6. All budget managers are required to ensure that:
- Invoices and invoice adjustments are raised promptly.
 - Invoice queries are answered promptly.
 - The Income Team are informed of any information that may affect the recovery of any invoiced sums.
 - All debts are collected in a timely fashion.
 - They periodically consider, in liaison with the Income Team, whether there would be a more effective or efficient way of collecting sums due (e.g. cash in advance).
 - They comply with the Debt Management Policy.

Treasury Management

- 4.7. All treasury management activities will be undertaken in accordance with the Council's annual Treasury Management Strategy (TMS), which includes the policies, objectives, risk management approach, and the treasury management and commercial investment strategy prudential indicators. The strategy will comply with the Code of Practice for Treasury Management and the Prudential Code for Capital Finance, both published by the Chartered Institute of Public Finance and Accountancy (CIPFA), and reflect any published Government advice. The execution and administration of treasury management is delegated to the DRFO.

- 4.8. The Council shall have overall responsibility for treasury management and will formally approve the annual TMS and receive an annual and mid-year report on treasury management activities.
- 4.9. The Cabinet will be responsible for the implementation and regular monitoring of treasury management activity. The Treasury and Capital Management Group will include:
- the Leader, Deputy Leader and the Executive Councillor for Strategic Resources. Other members can be co-opted onto the group at the discretion of the Executive Leader.
 - the RFO and the DRFO, and as and when necessary the Managing Director and/or Corporate Director (Services). Other officers can be co-opted onto the group at the discretion of the Managing Director or the RFO.
- 4.10. The Overview and Scrutiny (Performance and Customers) Panel will be responsible for the scrutiny of treasury management.

Payments

- 4.11. All payments made by the Council must be made either:
- through the Council's purchase ledger system, with payments being made direct to the supplier's bank account wherever this is practicable.
 - by procurement card.
 - by direct debits or standing orders (after agreement from the DRFO).
 - by some other system specifically approved by the DRFO.
- 4.12. In each case complying fully with the relevant procedures for that system (e.g. appropriate authorisation), particularly the requirement to obtain official VAT receipts, as determined by the DRFO. Advice can be sought from the DRFO.

5. ACCOUNTING REQUIREMENTS

Best Practice

- 5.1. The Council will follow the best practice guidance contained in the Accounting Code of Practice and other relevant publications produced by CIPFA in the preparation and maintenance of its accounts.

Records

- 5.2. Each budget manager is responsible for maintaining records of their financial transactions and commitments, that they are in the appropriate financial period and with the appropriate account codes. Each budget manager is responsible for ensuring that the financial management system is used only by authorised individuals and for proper council purposes.

Retention of Documents

- 5.3. Documents required for the verification of accounts, including invoices, will be retained for six years plus current year.

Contingent Assets and Liabilities

- 5.4. Any officer who is aware of a material and outstanding contingent asset or liability shall notify the DRFO, who shall include details in the Council's accounts or in a Letter of Representation to be presented to the Council's external auditors in respect of those accounts.

Stock

- 5.5. The DRFO shall determine, after consultation with the relevant budget manager, when stock accounts shall be maintained. This will normally be where the value of the items are significant or the items are considered to be vulnerable to loss or theft.

- 5.6. In such cases the relevant budget manager shall ensure that a certified stock-take is carried out at the end of March each year, and that records of receipt and issue of all stock are maintained throughout the year in a manner agreed with the DRFO.

Insurance

- 5.7. The Internal Audit Manager shall obtain insurance to protect the Council or minimise its potential losses from risks including those to employees, property, equipment and cash. Any decision not to insure significant risks must be based on a detailed risk assessment and reported to the Executive Councillor for Resources.

Write-off of Irrecoverable Debts

- 5.8. The Head of Service where the debt originated or the DRFO is authorised to write-off debt with an individual value up to £5,000. Greater than £5,000 requires consultation with the Executive Councillor for Resources. Appropriate steps must be taken to ensure that the debt is irrecoverable or cannot be recovered without incurring disproportionate costs.

Accounts Closure, Accounting Accruals and Estimates

- 5.9. The AFR will be produced in line with both statutory regulations and relevant Codes of Practice.
- 5.10. The DRFO will ensure that there is appropriate liaison with service teams prior to closure, including the hosting of relevant training and the issue of closure guidance and timetables. The accruals de-minimis limits will be adhered to by all services, and where estimated accruals are to be issued they are to be supported by accurate calculation. Other accounting estimates will be calculated by finance staff in line with professional advice.
- 5.11. Provisions, either for bad debts or other purposes will be calculated in line with the guidelines approved by the DRFO. Earmarked reserves will be operated in line with the reserves strategy.
- 5.12. The accounts of the Local Authority Trading Company, HDC Ventures and possibly the Joint Venture Company will need to be included within the Council’s accounts and in particular, any guarantees that the Council gives in respect of the Company should be counted as a liability of the Council under the accounts.

Assets

- 5.13. An asset is an item of land, building, road or other infrastructure, vehicle or plant, equipment, furniture and fittings or information and communications technology (hardware and software) with a life exceeding one year.
- 5.14. The acquisition and disposal of assets will be completed in accordance with the Disposal and Acquisition of Land and Buildings Policy. In addition, there is a new Disposal of Small Land Parcels Policy.
- 5.15. The financial thresholds for both disposals and acquisitions are as shown in the table below:

£0 - £500,000	Managing Director (as Head of Paid Service) & Head of Resources (as Section 151 Officer), following consultation with Executive Councillor for Resources
£500,000 to £2,000,000	Treasury and Capital Management Group
£2,000,000 +	Cabinet

5.16 The financial thresholds of the sale or transfer of small land parcels are shown in the table below:

Thresholds of the Sale or Transfer of Small Land Parcels		Table 1
All sales and transfers will include the transfer of all associated liabilities.		Minimum Administration Charge (*)
Transfer of Small Land Parcels to Other Public Bodies		
£0 - £10,000	Head of Resources (as Section 151 Officer),	£500
£10,000 - £50,000	Managing Director (as Head of Paid Service) & Head of Resources (as Section 151 Officer),	£1,000
£50,000 - £100,000	Managing Director (as Head of Paid Service) & Head of Resources (as Section 151 Officer), in consultation with the Executive Member for Strategic Resources.	£1,500
£100,000 - £500,000	Treasury & Capital Management Group.	£2,000
£500,000+	Cabinet.	£3,000
Sale of Small Parcels of Land		
£0 - £10,000	Managing Director (as Head of Paid Service) & Head of Resources (as Section 151 Officer).	£1,000
£10,000 - £100,000	Managing Director (as Head of Paid Service) & Head of Resources (as Section 151 Officer), in consultation with the Executive Member for Strategic Resources.	£1,500
£100,000 - £500,000	Treasury & Capital Management Group.	£2,000
£500,000+	Cabinet.	£3,000
* This Administration Charge excludes all legal and other ancillary costs. Further it is the minimum charge that any prospective purchaser will pay. If any sale requires additional officer time beyond what would reasonably be expected, the vendor will be required to meet this higher charge.		

5.17 Each Budget Manager is responsible for ensuring that the assets relating to their services are properly safeguarded, managed and maintained, and used only to achieve the Council's objectives. This will include establishing and maintaining appropriate security, control systems and records. They will need to consult relevant officers in relation to specialist items and, where vehicles are concerned, the officer holding the Council's operating certificate who has specific statutory responsibilities.

5.18 Heads of Service must keep up to date records so a physical verification of all capital assets, and their condition, is possible.

5.19 Once the asset is disposed of, the relevant budget manager will inform the DRFO within 10 working days of the disposal of any asset included in the asset register.

Capital Expenditure

- 5.20 The purchase or improvement of any asset will normally be treated as capital expenditure. However, expenditure of less than £10,000 will not normally be treated as capital expenditure unless the DRFO considers it is in the Council's interests to do so.

Leases

- 5.21 Finance and operating leases are to be used only if they are in the Council's financial interest and with the prior formal approval of the DRFO.

Valuations

- 5.22 In order to comply with accounting requirements, assets will need to be revalued at regular intervals. A three year "phased" revaluation programme will be followed, other than for:

- those assets that are categorised as "investment" properties (e.g. industrial units), which must be revalued every year, or
- where, following significant capital investment or disinvestment in an asset within an asset group, whereby the whole asset group will be revalued.

- 5.23 All capital asset revaluations for the AFR will be obtained by the DRFO.

6 Update of the Code of Financial Management

- 6.1 The Code will be updated in the summer as the Council will be implementing a new Financial Management System (FMS) which will go live in April 2018.

Code of Procurement

1. INTRODUCTION

- 1.1 The Code of Procurement defines the regulatory and legal framework for procurement. It has been adopted in accordance with the requirements of Section 135 (2) of the Local Government Act 1972.
- 1.2 Throughout the Code, reference to Manager shall mean Managing Director, Corporate Director, Head of Service or Budget Manager as appropriate. A Manager shall be responsible for procuring all goods and services that require the quotation or tender procedures as set out in this Code to be followed.
- 1.3 No **Officer** shall procure any goods or services valued at £5,000 or more unless they have attended training provided by the Procurement Manager and consider themselves to have such detailed knowledge and understanding of this Code and how it shall be applied in respect of the total value of the procurement being considered.
- 1.4 This Code applies to the procurement, commissioning, hire, rental or lease of -
- ◆ land and buildings, roads or other infrastructure;
 - ◆ vehicles or plant;
 - ◆ equipment, furniture and fittings;
 - ◆ construction and engineering works;
 - ◆ information and communication technology - hardware and software;
 - ◆ goods, materials and services;
 - ◆ repairs and maintenance;
 - ◆ consultants, agents and professional services.
- 1.5 This Code does not apply to purchases made from internal management units or 3 Cs partners.
- 1.6 The Code also applies to the disposal of assets and goods by the Council. Where the appropriate Manager estimates that the assets, or goods, to be worth less than £1,000, then the goods or assets may be donated to a recognised Charity. If disposal to Officers is proposed, then the goods or assets shall be advertised internally to all Officers and sealed bids sought. Where the value is estimated as exceeding £1,000, fair market value must be sought.
- 1.7 The Council includes the Cabinet, Panels, Committees or other body or person(s) acting in accordance with delegated authority on behalf of the Council.
- 1.8 All procurements or sales made by or on behalf of the Council shall comply with this Code, subject to any overriding requirements of the Council's Rules of Procedure or Code of Financial Management or British or European Union law or regulation or Crown Commercial Services' Procurement Policy Notices.
- 1.9 Throughout the Code, reference to contractor(s) or sub-contractor(s) shall mean any person, company or supplier who has -
- (a) requested to be on an approved or ad-hoc approved list of tenderers; or
 - (b) been approached to provide a quotation or tender; or
 - (c) provided a quotation or tender; or
 - (d) been awarded a contract in accordance with the provisions of this Code.

1.10 The Corporate Director (Services) shall annually review all the financial values contained in the Code to take account of the impact of inflation. The Corporate Director (Services) shall inform all Managers of any amendments to the values prior to the 1st April from which they shall be operative.

2. REPORTING AND ADVERTISING

2.1 Heads of Service shall provide the following information to the Procurement Manager

- (a) No later than the 1 April each year, details of each contract expected to be advertised in the following year; and an estimate of the total value for each discrete procurement area where the spend is likely to exceed £100,000.
- (b) new or additional requirements likely to meet or exceed EU thresholds as they arise.

2.2 The Public Procurement Regulations 2015 (Statutory Instrument no. 102 2015) requires that contracts above EU threshold are advised in the Official Journal of the European Union and that any contract opportunity above £25,000 is advertised in the Cabinet Office’s portal “Contracts Finder”. For requirements estimated as above £5,000 Managers shall advertise in the Contracts Register where needed to stimulate competition and obtain best value. There is no requirement to advertise competitions run using frameworks or approved lists.

Media	Threshold		
	Supplies and Services	Works and Concessions	Light Touch Regime Services
Contracts Register	£5,000	£5,000	£5,000
Contracts Finder	£ 25,000	£ 25,000	£25,000
Official Journal of the European Union (OJEU)	£ 181,302	£ 4,551,413	£615,278

(1 January 2018)

3. ‘BEST VALUE’ AND SOURCING POLICY

3.1 The Council seeks ‘Best Value’ in all procurement activity. ‘Best Value’ being:

- ◆ The opportunity to obtain leverage (better prices and) for volume.
- ◆ Transparent and efficient procurement processes.
- ◆ Appropriate social, environmental and equality outcomes
- ◆ Regulatory compliance.
- ◆ Minimum procurement overhead.

- 3.2 Achieving 'Best Value' needs valid competition and valid competition is dependent on the existence of an 'open' market with the selected contractors having the interest, capability and capacity for the work or business being offered. Wherever possible a minimum of three competitive tenders or quotations shall be sought. In selecting contractors to provide a tender or quotation Managers shall ensure that wherever possible -
- (a) the selection process used is fair and equitable, and that no favouritism is shown to any one contractor (e.g. the requirement is not an extract of a contractor's product specification).
 - (b) checks are made to ensure that contractors are interested in this type of business;
 - (c) repeat or 'automatic' invitations to the 'same' contractor or group of contractors are avoided, particularly where previously invited to bid and had failed to do so;
 - (d) 'new' contractors are sought and invited to tender or quote;
 - (e) the geographic area of the search for potential contractors is widened; and
 - (f) 'no-bids' are checked for the reasons for a contractor's failure to bid.
- 3.3 Sourcing policy is determined by the needs of 'Best Value' and in order of preference is:
- (a) Adopted catalogues or framework contracts. An adopted catalogue or framework is the preferred contract for the Council's business within a defined category (a type or group of goods or service). The Procurement Manager shall make available adopted catalogues or framework contracts on the e-marketplace or publish details of the contract or framework in Procurement Protocols & Guidelines. Managers shall ensure that orders for such categories are placed through the e-marketplace using appropriate 'adopted' catalogue or framework contract. The Procurement Manager shall keep under review the continued suitability of any such catalogues, contracts or framework agreements.
 - (b) Collaborative procurements with other public bodies or authorities.
 - (c) Council let corporate contracts.
- 3.4 Some categories are managed corporately by specialist areas. The Procurement Manager shall provide a list of specialist categories and Managers shall ensure all requirements for such categories are referred to the relevant specialist.

Market Sounding

- 3.5 Market engagement is encouraged to help achieve Best Value though trying to understanding the market, the suppliers, their business models and their costs
- 3.6 Supplier Meetings/Briefings. To avoid the risk of unfair competitive advantage, any such meeting should be structured as an open event; all questions and answers recorded and with a minimum of 2 officers present. If pre-competition a minimum of 3 suppliers shall be invited and during a competition, all participating contractors shall be invited.

4. METHODS OF ORDERING

- 4.1 All orders shall be placed through one of the following recognised methods:
- ◆ A purchase order raised on the financial management system.
 - ◆ An order raised on the e-marketplace.
 - ◆ A procurement card order.

- ◆ A manual purchase order.

4.2 Where there is an exception requirement and the relevant Corporate Director or Head of Service considers that the work is of an emergency nature necessary to enable the service to continue and none of the ordering methods are suitable, the relevant Corporate Director or Head of Service shall record the details of the exceptional requirement and the action taken for future audit.

5. CONTRACTS REGISTER

5.1 In compliance with the Local Government Transparency Code 2013, Managers shall keep a record using the Contracts Register, for all tenders and quotes greater than £5,000 (and subsequent contract extensions); of:

- ◆ the reasons (if appropriate) for not advertising on the Council's 'Latest Opportunities' internet site;
- ◆ all those contractors that were requested to quote or tender;
- ◆ the reasons why those particular contractors were selected to quote or tender;
- ◆ if applicable, the reasons why less than three contractors were selected to quote or tender;
- ◆ if the selected contractor is a Small or Medium Enterprise, voluntary or third sector organisation or charity;
- ◆ if the selected contractor is VAT registered;
- ◆ contract renewal date (if appropriate);
- ◆ summary details of a single tender/quote (if appropriate), and
- ◆ file or other reference to the contract and location of the documents and contract.

5.2 Any procurement estimated to exceed £100,000, which is not covered by the exceptions in paragraph 6 below, must be referred to the Procurement Manager before the procurement process is commenced. If a Manager does not wish to accept the Procurement Manager's advice on any significant aspect the matter will be determined by the relevant Corporate Director. The discussion will cover:

- ◆ Scope and objectives of the procurement;
- ◆ Budget and costing;
- ◆ Tender methods;
- ◆ Product and market information;
- ◆ Timescales; and
- ◆ Deliverables.

5.3 Where there is no adopted contract or framework, Managers shall, wherever practicable, seek to maximise contract values with other Managers to secure lower costs. The Council nevertheless wishes to balance the effort of going to the market with the effort and efficiency of the procurement process. Managers after determining the proposed contract's total value shall then

follow one of the procurement procedures detailed below. These procedures shall be used in all procurements or sales bar those exceptions at paragraph 6.

	Procedure	Estimated Total Value of Procurement	Requirement
(a)	Estimate	Up to £5,000	At least 1 written estimate or offer (e-marketplace, email, web or paper) shall be sought and recorded.
(b)	Request for Price (Informal Quote)	£5,000 up to £25,000	At least 3 written estimates or offer (e-marketplace, e-tendering, email or headed paperwork) shall be sought.
(c)	Request for Quote (Formal Quote)	£25,000 to £100,000	Formal quotations sought from all contractors expressing interest following advertisement in accordance with paragraph 2.2. A formal written contract prepared in accordance with paragraph 13.1(f) if justified by potential risk or specialist subject matter.
(d)	Tender	£100,000 to EU Procurement Threshold	Competitive tenders shall be obtained using one of the tendering options in this Code, and a formal written contract prepared in accordance with paragraph 13.1(f).
(e)	EU tender	The EU Threshold and above	The appropriate EU procurement directive shall be complied with.

5.4 Total value is the cost of all elements of the procurement (e.g. installation, testing, training, maintenance, etc.). The Manager shall ensure that a procurement is not split or otherwise disaggregated and may choose to competitively tender requirements less than £100,000.

5.5 A Manager shall not invite quotations or tenders from any contractor or sub-contractor who has participated in the preparation of documentation or were involved in other preparatory work for the contract, unless they have, in writing, explained to the Monitoring Officer why this does not constitute an unfair competitive advantage or a conflict of interest and obtained agreement, in writing, that the contractor/sub-contractor may compete in the quote/tender process.

6. TENDER AND REQUEST FOR QUOTATION PROCEDURES

6.1 **Exceptions.** Nothing in this Code shall require tenders/quotes to be sought: -

- (a) for purchases made from a Public Purchasing Body (ESPO, PRO5, Crown Commercial Service) where:
 - ◆ there is a single supplier 'call-off contract' or catalogue created with fixed prices, or
 - ◆ the contract is created to our requirements;
- (b) for purchases through local authority, government body or agency, police, health or other similar public authority, where the procurement rules of that organisation have been approved by the Procurement Manager and the contract is created in co-operation, agreed joint requirements or partnership;
- (c) for purchases made at public auction.

6.2 Provided that a compliant procurement process is underway a contract may be extended to complete procurement and contract negotiations by up to 3 months subject to agreement of the Procurement Manager.

6.3 **Single Tenders/Quotes.** All single tenders/quotes shall be reported to and recorded by the Procurement Manager in a register kept for that purpose.

6.4 **Head of Service Approval.** A Head of Service can approve a single tender/quote:

- (a) if the Head of Service considers that the work is of an emergency nature or is necessary to enable the service to continue and is reported to the next meeting of Cabinet.
- (b) for ongoing maintenance of propriety IT systems or where work to be executed or goods, services or materials to be supplied consist of repairs to or the supply of parts of existing proprietary machinery, equipment, hardware or plant and the repairs or the supply of parts cannot be carried out practicably by alternative contractors provided:
 - ◆ there is evidence that it is a propriety system;
 - ◆ the initial contract award was compliant with this Code;
 - ◆ the renewal is for a period not greater than 4 years (this is the time interval the EU uses to calculate contract value for ongoing contracts);
 - ◆ the total ongoing value does not exceed the EU threshold.
- (c) where a single expression of interest is received for a competition run in accordance with the quote procedures (paragraphs 5.3 (a) & (b)) provided that:
 - ◆ a clear description of the requirement has been advertised (paragraph 2.2) for an adequate period;
 - ◆ the sole prospective supplier is kept unaware of their status;
 - ◆ the process for seeking the quote is compliant.
- (d) where a new extension is proposed to a contract awarded under quote procedures (paragraphs 5.3 (a) & (b)) provided:
 - ◆ the value of the proposed and all previous extensions to the contract are:
 - a. not greater than 10% of the advertised requirement for goods and services, or

- b. or not greater than 15% of the advertised requirement for works;
 - ◆ the extension does not materially change the nature of the contract;
 - ◆ the initial contract award was compliant with this Code.
 - ◆ the extension is recorded in the Contracts Register.
- (e) where the HoS considers a single quote is in the Council's best interest and:
 - ◆ the total value is less than £25,000; and
 - ◆ the details and justification are reported to the next quarterly Corporate Governance Committee.

6.5 Monitoring Officer Approval. A Head of Service after consulting the Monitoring Officer may obtain a single tender or quotation when no satisfactory alternative is available:

- (a) Prices are wholly controlled by trade organisations or government order and no reasonably satisfactory alternative is available.
- (b) Specialist consultants, agents or professional advisers are required and
 - ◆ there is no satisfactory alternative; or
 - ◆ evidence indicates that there is likely to be no genuine competition; or
 - ◆ it is in the Council's best interest to engage a particular consultant, agent or adviser.
- (c) Products are sold at a fixed price, and market conditions make genuine competition impossible.
- (d) With the Monitoring Officer's agreement, considers that it is in the Council's best interest in negotiating a further contract for works, supplies or services of a similar nature with a contractor who is currently undertaking such work and is reported to the next meeting of cabinet.
- (e) For reasons of interoperability/interchangeability or substantial duplication of costs.

6.6 If the single quote/tender option is used, the Manager shall:

- (a) seek approval of the Monitoring Officer; and
- (b) retain records that demonstrate that the best price or value for money has been obtained from the negotiations with the contractor.

7. LIST OF APPROVED TENDERERS

7.1 Tenders shall be invited from at least three contractors selected from an approved list established in accordance with this paragraph of the Code. Vetting is not normally required as the contractor was vetted to join the list.

7.2 The Council uses 2 types of list of approved contractors:

- (a) Third party vetted lists of contractors that are compiled and maintained by an external organisation. Only external organisations approved by the Procurement Manager, after consultation with other relevant Manager(s) shall be adopted. The Procurement Manager shall ensure that the external organisation and approved list of contractors is detailed in Procurement Protocols & Guidelines.
- (b) Ad-hoc list of approved tenderers. If a Manager believes that the approved list of tenders does not allow him to obtain sufficient competition for 'Best Value', the Manager shall write to the Procurement Manager seeking approval to source additional contractors or create an ad-hoc list of approved tenderers.

7.3 Subject to approval as required in paragraph 7.2(b) the Manager shall:

- (a) issue a public notice inviting applications for inclusion on a specific approved list for the supply of goods, services or materials.
- (b) vet (as detailed at paragraph 9.1) all contractors replying to the public notice or who have requested within the previous 12 months to be considered for work of a similar nature;
- (c) only include contractors satisfactorily completing the checks;
- (d) tell all potential suppliers how the approved list operates
- (e) ensure the ad-hoc list shall only be used for seeking tenders for the supply of goods, services or materials specifically detailed within the original public notice;

7.4 The Procurement Manager in conjunction with the relevant Managers shall review the continued suitability of any List of Approved Tenderers periodically and at least prior to the third anniversary of its initial or further adoption.

8. FRAMEWORKS

8.1 All contractors on the framework (or lot if split into lots) shall be invited to submit a tender or quotation unless:

- (a) the framework explicitly permits direct award;
- (b) the proposed award is less than the tender threshold (£100,000); and
- (c) the Head of Service can show both objective reasons for the selection of a supplier and evidence of best value.

8.2 No public notice is required and general Terms & Conditions are set in the original framework contract but additional Terms & Conditions specific to the requirement may be permitted. Vetting is not normally required as the contractor was vetted as part of the original framework competition.

8.3 When advertising any contract or framework, Managers shall name any wholly publicly owned Local Authority Trading Company (LATC) (eg: "Huntingdonshire Ventures").

9. COMPETITION

9.1 Shortlisting and Restricted Tenders

- (a) Restricted (shortlisting) tenders are not permitted for competitions below the EU threshold.
- (b) Where allowed, the Manager shall undertake sufficient vetting to ensure that all contractors:
 - ◆ comply with minimum standards of Insurance;
 - ◆ have the necessary Health & Safety policy and performance and (where applicable) membership of the Contractor's Health and Safety Scheme or equivalent health and safety standard;
 - ◆ are financially viable based on a risk based assessment;
 - ◆ have an appropriate environmental policy;
 - ◆ comply with equalities legislation and policy; and
 - ◆ possess the experience and capacity required.
- (c) The Procurement Manager shall provide an appropriate questionnaire for the purpose of vetting contractors.

9.2 Open Tenders/Quotes

- (a) Provided the Manager complies with paragraph 2.2 and is satisfied that Expressions of Interest received represent contractors with genuine interest and capacity, then no further public notice is required. Otherwise public notice may be given in one or more newspapers and/or in an appropriate trade journal. The notice shall state the nature and purpose of the contract, where further information and documentation can be obtained, and state the closing date for the process.
- (b) An Invitation to Tender (ITT) or Request to Quote (RFQ) shall be sent to all contractors expressing an interest. ITTs and RFQs may include an appropriate suitability questionnaire. The Procurement Manager shall provide a suitable questionnaire.

9.3 Invitations to Tenders (ITT) and Requests for Quotations (RFQ)

Managers shall ensure that all ITTs and RFQs include;

- (a) approved contract terms in accordance with paragraph 13.1 of this Code;
- (b) a clear statement that explains if the bid is to be evaluated on the basis of the most economically advantageous tender (best value).

9.4 Evaluation Criteria

Except where the Cabinet decides otherwise, all formal quotations or tenders that are being sought shall:

- (a) be based on a definite written specification, which shall include consideration (where relevant to the requirement) of:
 - ◆ environmental performance including low energy and water consumption and the elimination of substances hazardous to health and the environment.

- ◆ delivery of social benefit (for services only)
 - ◆ inclusion of Small & Medium sized Enterprises
- (b) include award criteria,
- (c) include specific weightings applied to individual award criteria, and
- (d) if appropriate, include a requirement for a performance bond and liquidated damages

9.5 Non-Traditional Procurement

If a Manager believes that by following one of the procurement procedures detailed in paragraph 9 above that the procurement process will not provide him with the most appropriate method of delivery, the most competitive prices, allow for continuous improvements in delivery, or stifle innovation, then they may suggest alternative procurement strategies.

The Manager shall produce in accordance with guidance issued by the Procurement Manager and prior to proceeding with the procurement, a written acquisition strategy that shall be approved by the Monitoring Officer and the Cabinet.

10. SUB-CONTRACTS AND NOMINATED SUPPLIERS

10.1 Quotations or tenders for sub-contracts to be performed or for goods, services or materials to be supplied by nominated sub-contractors shall be invited in accordance with this Code.

10.2 The relevant Manager is authorised to nominate to a main contractor a sub-contractor whose quotation or tender has been obtained in full accordance with this Code.

11. RECEIPT AND OPENING OF TENDERS AND QUOTATIONS

11.1 Contractors shall be notified that tenders or formal quotations are invited in accordance with this Code. No tender or formal quotation will be considered unless -

- (a) it has been received via the e-tendering or e-marketplace 'sealed quote' facility; or
- (b) it is contained in a plain envelope/packet which shall be securely sealed and shall bear the word "Tender" or "Quotation", the Unique Reference Number (URN) from the Contracts Register; and the envelope shall not bear any distinguishing matter or mark intended to indicate the identity of the sender. Such envelope shall be addressed
 - ◆ impersonally to the 3Cs Head of Legal Practice if it contains a "Tender", or
 - ◆ the appropriate Manager if it contains a "Quotation"; or
- (c) RFQs (Formal Quotations) may be sent electronically to a specific e-mail address, which the appropriate Manager shall obtain from the IMD Service Manager. The IMD Service Manager shall ensure that the e-mail address is secure.

11.2 All Officers shall comply with the procedure note 'Procedure for the Receipt of Tenders and Formal Quotations' which can be found on the Procurement internet pages.

11.3 All tenders or quotations upon opening shall be recorded in writing on either a tender or quotation opening record unless the Contracts Register is being completed contemporaneously. The format of the opening record shall have been previously agreed with the Monitoring Officer and 3Cs Head of Legal Practice.

11.4 Any tenders or quotations received after the specified time may in exceptional circumstances be accepted by 3Cs Head of Legal Practice, otherwise they shall be returned promptly to the

contractor by the 3Cs Head of Legal Practice or his nominated officer in respect of tenders, or by the appropriate Manager or his nominated officer in respect of a formal quotation.

11.5 Late tenders shall be rejected once any other tender/quotation has been opened. The tender or quotation may be opened to ascertain the name of the contractor but no details of the tender or quotation shall be disclosed.

12. ACCEPTANCE OF TENDERS AND QUOTATIONS

12.1 The appropriate Manager shall evaluate all the tenders or quotations received in accordance with the award criteria set out in the bid documentation and shall accept, subject to the provisos set out in this paragraph, the most economically advantageous tender or quotation, as evaluated against the award criteria.

12.2 Tenders or quotations exceeding the approved estimate may only be accepted once approval to further expenditure is obtained.

12.3 If the most economically advantageous quotation exceeds £100,000 but -

- (a) is within 15% of the original estimate and budget, the appropriate Head of Service may accept the quotation without seeking further competition; or
- (b) is in excess of 15% of the original estimate then the Head of Service shall consult the Procurement Manager and obtain the approval of the Monitoring Officer that the quotation can be accepted otherwise a competitive tender exercise in accordance with paragraph 9.1 above shall be carried out.

12.4 A tender or quotation shall not be accepted -

- (a) where payment is to be made by the Council and it is not the most economically advantageous tender or quotation in accordance with the award criteria set out in the tender or quotation documentation; or
- (b) if payment is to be received by the Council and the tender or quotation is not the highest price or value;
- (c) unless –
 - ◆ the Cabinet have considered a written report from the appropriate Head of Service/Service Manager, or
 - ◆ in cases of urgency, the Monitoring Officer has consulted and obtained the approval of the relevant executive councillor. Tenders or quotations accepted in this way shall be reported by the appropriate Manager to the next meeting of the Cabinet.

12.6 Arithmetical Errors and Post-Tender Negotiations

- (a) Contractors can alter their tenders or quotations after the date specified for their receipt but before the acceptance of the tender or quotation, where examination of the tender or quotation documents reveals arithmetical errors or discrepancies which affect the tender or quotation figure. The contractor shall be given details of all such errors or discrepancies and afforded an opportunity of confirming, amending or withdrawing his offer.
- (b) Post-tender negotiations shall not be used to degrade the original specification unless:
 - ◆ the capital or revenue budget is exceeded; or
 - ◆ other special circumstances exist;

- ◆ in which case the Monitoring Officer and Procurement Manager shall decide which of those contractors who originally submitted a tender or quotation shall be given the opportunity to submit a further bid based upon a degraded specification. This decision shall be recorded in writing.
- (c) In evaluating tenders, the appropriate Manager may invite one or more contractors who have submitted a tender to submit a revised offer following post-tender negotiations.
- (d) All post-tender negotiations shall:
 - ◆ only be undertaken where permitted by law and where the appropriate Manager and Monitoring Officer and 3Cs Head of Legal Practice consider additional financial or other benefits may be obtained which over the period of the contract shall exceed the cost of the post-tender negotiation process;
 - ◆ be conducted by a team of officers approved in writing by the Monitoring Officer and 3Cs Head of Legal Practice;
 - ◆ be conducted in accordance with guidance issued by the 3Cs Head of Legal Practice; and
 - ◆ not disclose commercially sensitive information supplied by other bidders for the contract.
- (e) The appropriate Manager shall ensure that all post-tender negotiation meetings are properly minuted with all savings and benefits offered clearly costed. Following negotiations but before the letting of the contract, amendments to the original tender submitted shall be put in writing by the contractor(s) and shall be signed by him.

13. TERMS OF BUSINESS AND THE FORM OF CONTRACTS

13.1 All orders placed by the Council shall be on the Council's Standard Terms and Conditions (T&Cs) except for:-

- (a) Any purchase at a public auction.
- (b) Any framework or contract formally adopted by the Council.
- (c) Purchasing Agency (e.g. ESPO, Crown Commercial Service) arranged contracts and orders.
- (d) Orders of a total value of less than £ 25,000 where the goods or service are purchased on a 'retail' basis on terms available to the general public.
- (e) Orders for software where the licence is for a 'standard' product but not where any form of modification, customisation, development or on-site service is required for the 'standard' product.
- (f) Any contract where
 - ◆ the estimated total value is likely to exceed £100,000; or
 - ◆ significant risk to performance, cost or delivery is identified; or
 - ◆ if a specialist category (eg: works, IT, professional services, concessions),
 then the contract shall be in writing in a form approved by the 3Cs Head of Legal Practice. Managers shall ensure that advice of the 3Cs Head of Legal Practice is sought at a stage as early as practicable (normally before the issue of an Invitation to Tender).

- 13.2 Managers shall not use Contractor's documentation to order, acknowledge, instruct to proceed or make any other commitment where the documentation makes any reference to the Contractor's T&Cs. Except where permitted at paragraph 13.1, if a contractor formally insists on trading on T&Cs other than the Council's T&Cs, the Procurement Manager shall be informed.
- 13.3 In the case of any contract likely to exceed £100,000 for the execution of works or for the supply of goods, services or materials, the Manager after consulting with the Procurement Manager and the Monitoring Officer shall consider whether the Council should require security for its due performance and shall either certify that no such security is necessary or shall specify in the specification of tender the nature and amount of the security to be given. In the latter event, the Council shall require and take a bond or other sufficient security for the due performance of the contract.
- 13.4 Managers shall produce the final version of all contracts in 2 copies. Where the total value of a contract exceeds £100,000 both copies shall be presented to the Head of Resources for signature. Once signed by the contractor, the signed contract, all original documents, including specifications, drawings, tender documents and correspondence relating to shall be forwarded by the 3Cs Head of Legal Practice. Where the total value of the contract is less than £100,000 the relevant Manager shall make arrangements for the retention of all the original documentation.
- 13.5 Managers shall maintain a record (in the form detailed in the Procurement Protocols & Guidance) for their area of each contract or agreement (both written and verbal agreements).
- 13.6 Managers shall include one of the specific T&Cs listed in the Procurement Home Page in all contracts. Where a Manager considers a term or condition inappropriate they shall seek advice of the 3Cs Head of Legal Practice on the modification or deletion of the term or condition.

14. LETTERS OF INTENT

- 14.1 Letters of intent provide a contractor with the authority to proceed prior to the award of a contract. However, letters of intent have two main disadvantages:-
- (a) if the contract is not awarded the contractor is entitled to payment regardless as to whether the work was actually needed;
 - (b) the Council's negotiating position is weakened as the contractor may believe actual award of contract is a formality and therefore, the contractor may refuse to accept conditions that are seen as disadvantageous.
- 14.2 Managers shall ensure that:-
- (a) all letters of intent are in a form approved by the 3Cs Head of Legal Practice; and
 - (b) all letters of intent are signed by the appropriate Budget Manger with sufficient authority for either the value of the intended contract or the estimated value of any 'extension' period defined in the letter of intent if below £100,000 , otherwise by the Head of Resources.

15. POST-COMPETITION DEBRIEFS

- 15.1 For all contracts greater than £25,000, Managers shall maintain records of selection and evaluation scoring and where requested by participating suppliers, provide a suitable post-tender debrief in writing. For contracts greater than £100,000 , unsuccessful tenderers shall be advised in writing of the winning supplier, the value of the contract awarded and the strengths and weaknesses of their tender and the advice of the Procurement Manager shall be sought on the format and scope of the debrief.

16. PUBLISHING CONTRACT AWARDS

16.1 Contract Award Notices shall be published within 90 days of contract award in the appropriate online system:

- ◆ Contracts Register if greater than £5,000, and.
- ◆ Contracts Finder if greater than £25,000 (including awards under mini-competition using a framework) or if advertised in Contracts Finder, and
- ◆ The Official Journal of the European Union if greater than the promulgated EU threshold.

17. LOCAL GOVERNMENT ACT – COMMUNITY RIGHT TO CHALLENGE

The Local Government Act permits relevant bodies (charities, community bodies, town & parish councils and staff) to submit Expressions of Interest to provide Council services. The Procurement Manager shall maintain and publish a timetable for the submission of Expressions of Interest. All Expressions of Interest received from relevant bodies should be forwarded to the Policy, Performance and Transformation Manager (Scrutiny).

18. RETENTION OF DOCUMENTS

18.1 Managers shall ensure that every contract or quotation is assigned the Unique Reference Number (URN) from the Contract Register, which is to be used in all correspondence. Any Division or reference may be included in addition to the URN shall comprise abbreviation for the Division and year. Formal amendments to a contract or order should also be given unique numbers showing the order in which the amendments were made.

18.2 Documentation retention periods are dictated by the Statute of Limitations and (where applicable) EU requirements. The following rules apply:-

- (a) retention for 12 years from the date of completion of the contract for contracts made under deed;
- (b) retention for 6 years from the date of completion of the contract:-
 - ◆ Contract Documents
 - ◆ Hire/Rental Agreements
 - ◆ Successful Tenders
 - ◆ Summary of Tender Opening
 - ◆ Disposal Board papers
 - ◆ All selection and evaluation scoring and reports
 - ◆ Goods Received Notes
 - ◆ HM Customs and Excise Import documentation
 - ◆ Invitations to Tender/Quotation Requests
 - ◆ Maintenance/Software licence agreements
 - ◆ Specifications
 - ◆ Successful Quotations
 - ◆ Suppliers' Advice Notes;
- (c) retention for 3 years after the last entry:-

- ◆ Stock and Purchase Record Cards or Registers
- (d) retention for 2 years after the financial year to which the document relates:-
- ◆ Unsuccessful Quotations.
 - ◆ Unsuccessful Tenders.

19. FREEDOM OF INFORMATION ACT 2000 (FOIA)

Managers shall ensure that the handling of requests for procurement information complies with the detailed guidance published as Procurement Protocols & Procedures and the general FOIA guidance published by the Council's Freedom of Information Officer.

20. CONFLICTS OF INTEREST

20.1 Where a potential conflict is declared by an officer or otherwise recognised, the HoS shall ensure the relevant company and businesses areas are identified. Other business areas are exempt from the procedure.

20.2 The following procedure is applied according to value:

(a) Low value (less than £100,000)

- ◆ HoS shall arrange for specifications/evaluation criteria written by the affected officer to be independently vetted;
- ◆ HoS shall appoint 2 independent officers to evaluations were the relevant company participates; and
- ◆ HoS shall ensure independent vetting of evaluations were the relevant company becomes the preferred bidder.

(b) High Value (greater than £100,000). Where the relevant company bids or is considered likely to bid the HoS shall ensure participation by the affected officer is limited to providing specialist advice.

20.3 If a conflict of interest becomes apparent once a procurement is underway but before contract award the HoS shall seek the advice of the Procurement Manager and 3Cs Head of Legal Practice on how to proceed. If discovered after contract award, the HoS shall refer the matter to the Monitoring Officer.

21. Interims, Consultants and Contractors

21.1 The Manager responsible for appointing any Interim, Consultant or Contractor (ICC) shall:

- (a) if engaged through an agency, provide the agency with any information requested about the role.
- (b) if engaged directly, use the HMRC's online employment status tool to check the ICC's tax status and record the outcome. If the ICC is deemed an employee then HR shall be provided with the details of the engagement.

22.2 If the ICC will be responsible to the Council for the management or supervision of a contract on its behalf, then the Manager shall provide the ICC with a copy of this Code and ensure that it shall be a condition of the engagement that the ICC shall:

- (a) comply with this Code; and
- (b) at any time during the carrying out of the contract produce to the appropriate Manager, on request, all the records maintained in relation to the contract; and
- (c) on completion of the contract transfer all records produced or received that relate to the contract to the appropriate Manager.

22. PROCUREMENT TRAINING

22.1 The Procurement Manger shall create, maintain and arrange the delivery of training for Officers undertaking procurement duties.

22.2 Managers shall ensure that all Officers routinely undertaking purchasing or procurement duties where the gross value of the procurement is £5,000 or more shall have undertaken appropriate training.

* Please note - any payments or invoices raised for individual homeless families should go through the Homeless Sub-Ledger. The coding structure for this is different from the codes above. A family code e.g. H4500 will replace the Cost Centre code (but the sub ledger will roll up the totals to the Homeless cost centre).

* Please note - expenditure (and income) for specific vehicles should go through the Vehicles sub-ledger. The coding structure for this is different from the codes above. A vehicle code, the Registration Number, will replace the Cost Centre code (but the sub ledger will roll up the totals to the General Ledger according to the cost centre assigned to each vehicle).
